SONLIGHT®

HOMESCHOOL *SUCCESS* STARTS HERE.

"During our first year of homeschooling, I felt completely overwhelmed," admits Alicia R of New York. "However, Sonlight provided the structure we needed to have a successful first year. We love the curriculum, which offers beautiful books, intentional lessons, and tremendous opportunity for creativity. Our homeschool thrives on Sonlight's hands-on, literature-based approach to education! I love watching my boys learn to love learning!" Pictured: For active boys, history really needs to come to life in order to keep their interest. Owen (10) and Leeland (8) enjoy acting out some of their favorite HBLC characters in one of their favorite locations—the trampoline!

Fully Planned · Zero Prep · 100% Effective, Guaranteed.

The D. family, Sonlighter from Colville, WA

Dear Friend,

I welcome you as you explore adding literature-based learning to your family and homeschool. You stand at the start of a journey that my family, and thousands of others, have taken with our children. We count it a privilege to partner with you as you join the world-wide community of Sonlighters!

Please know that one of our goals at Sonlight is to help you to be exceedingly successful in your homeschooling. From the rigorous review of every book in our programs, to the day-by-day schedule and teaching resources in our award-winning Instructor's Guides, we want you to begin your journey with confidence.

Our partnership doesn't end when you place your order for curriculum materials. If you are new to homeschooling with Sonlight, our Sonlight Newbies Group partners you with our team of veteran Sonlight Curriculum Mentors who come alongside as you navigate your first year. If you are further along the path in your homeschooling, the Sonlight App provides a support network right where you are.

I believe that you are your child's best teacher. And I believe that Sonlight Curriculum will help you to equip your children with a strong spiritual foundation, foster lifelong learning, and build critical thinking skills. Because you are so well suited to teach your children, I see Sonlight's job as providing you the tools you need to do that.

May you be empowered to nurture enthusiastic, life-long learners who are motivated and equipped to follow Christ wherever He leads and in whatever He calls them to do.

Blessings,
President and Co-Founder

SONLIGHT:

[son-light] noun

Complete, Literature-Based, Christian Homeschool Curriculum You're *Guaranteed* to Love.

"I love the closeness our family has because of Sonlight. The kids often talk about stories we've read aloud and things they've learned in Science as they try to apply them to the real world," shares Sarah Z of Clarkston, GA. The Z family have been homeschooling their three children with Sonlight since preschool. Emma (9) is holding her favorite books from All-Subjects Package C.

100% MONEY-BACK GUARANTEE.

With Sonlight, you'll have the flexibility to personalize your homeschool year and customize your curriculum package. With our 100% money-back guarantee, you'll be confident knowing you've got the best curriculum for your family.

LOVE TO LEARN LOVE TO TEACH™
sonlight.com/guarantee

WITH SONLIGHT'S UNIQUELY TAILORED CHRISTIAN HOMESCHOOL CURRICULUM, *YOU CAN DO THIS.*

A loving, determined parent with a great curriculum can impact a child like no one else. At Sonlight, we believe you are your child's best teacher and provide you with the tools to raise children who *love to learn, love God*, and have the *academic preparation* for their future.

With Sonlight, you'll rekindle your child's love of learning, teach to your child's needs and interests, foster connections with them, and ultimately equip them to do whatever God calls them to do.

Discover Sonlight's foundation and how we connect family members through our curriculum with the five big ideas below.

1. **Literature-based:** Children are naturally curious and love stories. Sonlight's excellent books are full of characters from around the world and throughout history. Our proven, effective approach makes learning effortless.
2. **Christ-centered:** Sonlight helps you discover God's love for all people and raise children who honor Christ. Engage in faith discussions that build deep, lifelong roots as you connect your learning to the larger Biblical picture.
3. **Family-oriented:** Sonlight provides ample opportunities to develop open communication and trust while you read, discuss, and discover together. Lasting memories and stronger family bonds form as a result.
4. **Globally-minded:** Sonlight equips you to raise ambassadors for Christ. They learn to approach complex issues with a balanced, compassionate perspective as they study the contributions of different cultures and pray for people around the world.
5. **Academically Excellent:** Give your children a robust education that prepares them to excel in whatever God calls them to be. Sonlight students are critical thinkers with a broad understanding of history, literature, the Bible, science, and more. Our rigorous academic approach ensures your children are prepared for their future.

"Since we took the plunge to homeschool in 2012, Sonlight has been our foundation! It has been a privilege to be part of each child's learning journey. Our favorite aspect of Sonlight is its focus on living books and excellent literature! We have discovered countless books we now love but would have never known about if it weren't for homeschooling with Sonlight. This curriculum is helping my children gain a rich education while encouraging a love of family. We are looking forward to continuing to learn and grow together as my eldest starts her 10th-grade year!" shares HelenClare R of South Shields, UK. Eden (15) shares her history book from level H with Judah (13), Shiloh (10), and Gabriel (7). The R family have been homeschooling with Sonlight since the beginning.

OUR TOP TEN GOALS...
DO THEY MATCH YOURS?

Whether you are just getting started or have a few years under your belt, you might find it refreshing to consider what your homeschooling goals are. What metric will you use to determine if you're having a successful year? Are academics the most important? Or character training? Or raising your children to be independent adults?

As a partner in your family's education, these are the goals that we hold. If these sound good to you, Sonlight will be a great fit for your family.

1 Teach your children to seek God's Kingdom above everything else.

Jesus instructed his followers to "Seek first His [God's] kingdom and His righteousness" (Matthew 6:33).

By design, Sonlight's curriculum seeks to spark meaningful conversations between you and your children. These moments can help your children learn to put God's kingdom purposes first.

2 Raise children with God's heart for the world.

God's plans are for all nations, all people groups. As Revelation 5:9 says, there will be some from "every tribe, language, people, and nation" worshiping before God's throne at the last day.

Since God's heart is for the world, you'll teach about the world right from the start. Starting with a true story set in Thailand in the Preschool program, and continuing each year, your children will meet (and pray for) people from many cultures.

With this global perspective, Sonlight offers the opportunity for your children to understand their role in what God is doing in the world.

3 Inspire your children to honor Christ boldly.

Our desire is that Sonlight students understand that they are part of God's plan, which is far bigger than they are. This plan has been carried forward through the centuries by "a great cloud" of faithful people who fulfilled their callings, often with great sacrifice (see Hebrews 12:1).

Your children will find true heroes—people whose lives they want to emulate. As you read compelling biographies, you'll help your children see these heroes as real, imperfect people who continually said yes to God. And you'll see how God has continued his work in the world through Christ-followers.

Your children will sense the excitement and challenge of following Jesus in big and little things—not only at home and at church, but also in their work and culture.

4 Prepare your children to be winsome ambassadors for Christ.

Paul calls us "ambassadors for Christ" (2 Corinthians 5:20). Ambassadors represent their home country in foreign places, communicating their home country's message to their hosts. They are the bridge between their home and their hosts.

What a wonderful calling! In order to train your children to become effective ambassadors, you help your children know both Christ and the Scriptures, as well as the people and culture around them.

Effective ambassadors are familiar with the truth and know their audience. They know the message they have been sent to share, and how to share it, taking into account what their hosts think, believe, and value.

5 Raise "culturally literate" students.

We all need to know a certain basic set of background information if we want to get along in a culture, let alone influence it. We must be aware of the key historical events, significant people, movements, groups and ideas that have shaped our culture.

With Sonlight, you'll read widely from carefully selected books that help your children become culturally literate adults. Your children will have a foundational base of knowledge.

More importantly, these books help prepare your children to respond to cultural influences in a godly way. Cultural literacy helps prepare students to become world-changers—people who make a difference for good.

6 Teach your students how to listen to others with confidence and with interest in other viewpoints.

"Everyone should be quick to listen, slow to speak" (James 1:19).

To communicate effectively for Christ, we might do well to listen. Sonlight teaches this skill in two ways.

First, your children will listen while you read to them. Studies show that children develop better listening skills when their parents regularly read to them at length. Sonlight Read-Alouds help you love reading together daily, and so your children will learn to listen.

Second, Sonlight programs often present multiple sides of an argument. Your children listen to two perspectives on various issues and work to find quality solutions. Sonlight equips you to walk alongside your children as they learn the tools, techniques, knowledge, and skills of godly intellectual engagement.

Your students will learn that most issues have more than one perspective, and that, in the face of other perspectives, they need not mock nor cower. They can find answers to questions that challenge their point of view. There is no need to fear. They can be confident in the face of differing viewpoints.

7 Inspire students to be true scholars.

With Sonlight, your students go beyond simply memorizing information. They learn how to research, compare views, think critically, and explain their perspective articulately.

We believe true scholarship is an important step in preparing students to do whatever God calls them to do. Those who have "done their homework" are in far better positions than those who haven't learned to communicate effectively with people who hold different perspectives.

8 Foster a love of learning.

What good does it do to fill children's minds with information if they never develop a sincere desire to learn and grow in wisdom? As Solomon said: "Blessed is the man who finds wisdom, the man who gains understanding, for she [wisdom] is more profitable than silver and yields better returns than gold. She is more precious than rubies; nothing you desire can compare with her" (Proverbs 3:13-15).

Once your children want to learn, you have equipped them to keep learning throughout life. This allows them to press toward the goals God wants them to pursue.

9 Prepare students for thoughtful action on significant issues.

The Bible and other quality literature develop empathy, teach life lessons gracefully, and encourage students to search the Scriptures to find out how Jesus would respond in certain circumstances.

As your students read and think about serious social, personal, and ethical issues, they prepare themselves for times when they may face similar dilemmas. Can you imagine a more enjoyable way to gain wisdom and knowledge than to read great books?

10 Launch mature adults.

The end result of education is not solely to create young people with brilliant minds. A brilliant mind, after all, can be turned to good or ill purposes.

Rather, we want your children to be mature adults, who make prudent decisions instead of self-destructive ones, who have purpose and direction instead of aimlessness, who are eager to serve the Lord and the body of Christ rather than living for themselves.

Sonlight students worldwide are discovering their gifts and using them to further God's kingdom in different ways.

One Sonlighter was recently the first in her family to graduate college. Another just started at Stanford. Another Sonlight grad is headed to the Navy to study nuclear engineering. Another student plans to be a medical missionary, while another is already working to fight human trafficking.

As you look at your goals for your homeschool, may you be inspired by how meaningful this calling is; may you be encouraged by how doable it is, through God's grace; may you be strengthened in the year to come as you raise and educate your children.

> "When we were on the lookout for a homeschooling curriculum with a Christian outlook that enabled and preserved open critical thinking while imparting the love of learning, we found Sonlight and didn't need to look further. When our box arrived we were assured we'd made the right choice as our son brought us book after book to read to him. We thank God for bringing us in contact with Sonlight," shares the M. family in Sarenga, India.

What's Sonlight's Secret?

CHILDREN RESPOND MORE POSITIVELY TO GREAT LITERATURE THAN TO TEXTBOOKS.

When it comes to literature-based curriculum, Sonlight wrote the book. Discover a delightful way to learn, centered on love for the Lord, love of great stories, and innate curiosity.

Books are at the center of Sonlight

A Sonlight education is built around great stories—living books. We utilize good literature (like historical fiction, biographies, award-winning titles) to teach subjects such as history, Bible, and science, and offer academically excellent products for subjects such as math, handwriting, language arts and electives. These materials are organized and scheduled for you in our customer-renowned Instructor's Guides.

What is literature-based homeschooling?

Literature-based homeschooling is a highly academic approach that uses outstanding books and delightful stories as the centerpiece for learning. Real books make learning come alive and these stories give context to information, create an emotional connection with students, and help readers retain the information.

Reading is the foundation for comprehension and critical thinking in every arena, from history and language arts to math and science. Because humans are wired for story, we believe the most effective way to learn is by reading stories.

Sonlight's literature-rich programs build a love of learning that continues even when school—both school days and formal schooling—is done.

Literature-based learning is also surprisingly efficient. You read the best literature available to your children. They absorb the information. You talk about what you read and then move on to the next book. No stressful studying for tests. No boring lectures. Just enjoyable reading and interaction.

Why choose a literature-based education?

Why use great literature–the best books ever written–as the foundation for learning? A single book can distill the wisdom of an entire lifetime in a few pages, offer insights and perspectives unlike our own, and open doors to delight and discovery. The result of a literature-based education? Individuals who are highly inquisitive and invested in learning for life.

✓ Literature makes learning information enjoyable.

✓ Literature conveys information in a format that is easy to remember.

✓ Literature encourages you to interact with your children.

How do Sonlight's Christ-centered, literature-based programs work?

1. **Start with a History / Bible / Literature program.** Sonlight's History / Bible / Literature programs are the basis for your Sonlight experience. Each program includes a year's worth of history and geography, Bible and literature (called Readers and Read-Alouds).

2. **Let your Instructor's Guide show you what to do.** Your curriculum is far more than a pile of books. It wouldn't be Sonlight without our award-winning Instructor's Guide. Your easy-to-use Instructor's Guide weaves your books and materials into a cohesive, full-year curriculum.

   With flexible weekly and daily schedules, discussion questions, teaching tips, hands-on activities and experiments, and insightful notes to prompt deeper discussion, simply open your Instructor's Guide and teach with confidence each day.

WHAT'S SONLIGHT'S SECRET?

Children respond more positively to great literature than to textbooks. Because quality literature is not age-specific you can teach multiple children with one program!

SCAN TO LEARN MORE
sonlight.com/literature

"My children weren't allowed to enroll in kindergarten early, despite their proficiency in reading due to their ages. I decided to homeschool them for a couple years and then send them to school. The literature-rich Sonlight curriculum sounded intriguing, so we tried it and we are hooked! My former plans of enrolling them in school later have not come up again. We are having too much fun, and my daughters can read as much as they want. With Sonlight, they are learning much more than mere facts. They are learning empathy, critical thinking, processing emotions, and understanding others. I love that I have the tools to guide them through these things personally and biblically with Sonlight. When my third daughter was born after a few years' gap, my older daughters couldn't wait to share Sonlight all over again with her," explains Elizabeth G of Navarre, FL. Pictured: Abigail (6) reads about castles in *Living Long Ago* (Level K), Hannah (14) reads *The Gammage Cup* (Level J), and Kalle (15) reads *The Story of Christianity* (200). The sheer amount of books in 3 HBL levels is astounding. Dressing up like medieval times makes history even more fun with the Sonlight castle boxes surrounding them!

What makes a Sonlight book?

Every Sonlight book must pass co-founder and president, Sarita Holzmann's seven-point test:

1. **Real/realistic characters**
2. **Solid character development**
3. **Content that adds to the reader's cultural literacy**
4. **Intriguing, multi-dimensional plot**
5. **Emotionally compelling**
6. **Beautifully written**
7. **Re-readable**

TEACHING MULTIPLE STUDENTS?

TEACHING MULTIPLE CHILDREN WITH SONLIGHT IS EASY.

Unlike a traditional textbook approach, you don't have to order a separate Sonlight program for each child. Combine students within a 3-year age range into one History / Bible / Literature program and one science program (the "Couch Subjects™"). Then, simply add on skill-specific subjects for each child, according to ability: language arts, math, spelling, handwriting (the "Table Subjects™").

When you combine students, you

- **save time** because you're not trying to use multiple programs;
- **save money** because you're using the same materials with more than one student;
- **build family relationships** because your children learn together;
- **avoid much of the frustration** that comes from being pulled in multiple directions.

There is a recommended age range for combining a curriculum level. As your children get older, the readings become longer and more challenging conceptually, and they deal with more difficult topics. In general, one program will work well if your children are within about three years of one another.

Group students within 3 years of each other and teach as few History / Bible / Literature and Science programs as possible.

If you have children with a wide spread of ages, you might be able to choose complementary levels. For example, Sonlight B goes well with G because both study the first year of World History. Sonlight D and E are excellent companions to Sonlight 100. You might schedule these programs to overlap topics and concepts.

See the full Sonlight Scope and Sequence on pp. 114-115.

Find out each child's current ability level using complimentary placement tests, available online (*sonlight.com/placement-tests*).

Want to know more? Go to *sonlight.com/multiple* for more information (including a video!).

NOTE ON LANGUAGE ARTS:

Language arts levels are complemented by the same level graded readers. For teaching multiple students who may be at different levels, choose one set of Readers and matching Language Arts with your package. For additional students who are learning to read and write— usually those using Sonlight levels K-C, or for younger students listening in on an older sibling's program—add a Phonics package containing the additional student's Language Arts level and matching Reader program. Starting in Sonlight D, students transition from learning to read to reading to learn, and the Readers and Language Arts tie in with the rest of the program—no need to choose.

Whatever your homeschool needs, Sonlight has you covered. From our complete All-Subjects Packages, to our centerpiece History / Bible / Literature options, to individual items, you'll find what you need at Sonlight.

WHAT'S INCLUDED IN A SONLIGHT HOMESCHOOL CURRICULUM PACKAGE

INSTRUCTOR'S GUIDES (IG)

The IGs provide the structure for your entire year—36 weeks of fully-planned instruction and complete lesson plans.

HISTORY / BIBLE / LITERATURE (HBL)

As the foundation of a Sonlight education, HBLs include history, Bible, geography, and all required books, all connected with a comprehensive Instructor's Guide. HBL programs encourage students to learn from multiple perspectives and engage in thought-provoking discussion.

SCIENCE

Sonlight Science combines our signature literature-based style of learning with research-based science standards to give your students a well-rounded, hands-on, STEM centered education.

MATH

Choose your math program from a wide selection of the best homeschool math programs available.

REQUIRED RESOURCES

Essential for first-time Sonlighters. Required Resources include a 3" binder with tabs to keep your Instructor's Guides organized and in one place, *The Timeline Book*, and *Markable Map & Markers*. These are necessary products for your school year and are included in Sonlight packages. Customize online to remove Required Resources. Learn more at *sonlight.com/required*

LANGUAGE ARTS

Leave behind complicated instruction, boring worksheets, and rote memorization. Sonlight Language Arts makes learning to read and write a natural and engaging process.

SPELLING/ HANDWRITING

Spelling You See is included in our All-Subjects Packages for levels D-F. *Handwriting Without Tears* is included in our All-Subjects Packages for levels K-C. Customize the program or level for each student based on ability.

A GUIDE TO SONLIGHT'S VOCABULARY

Sonlight-specific definitions:

4-DAY/5-DAY: All Sonlight packages are fully planned for 36 weeks—a full school year. 4-Day (144-day) programs are designed for families in a co-op, or any family that wants a more relaxed (but still thorough) education. The 5-Day (180-day) programs provides a complete, daily schedule, with more books. Want the 4-Day schedule but don't want to miss out on any excellent books? Order the 4-Day program and add on the 5-Day books.

ADVISORS: Sonlight Advisors offer you free, personalized homeschool help. Contact an Advisor with questions about what materials you should buy, how to use what you already have, and how to solve any homeschool dilemmas you face. Available via phone, email, or chat. Go to *sonlight.com/advisors* to get started.

CONSUMABLE: Products you use up such as workbooks and activity sheets. A consumable item is needed for each student sharing materials. Consumables for one student are included in each Sonlight package. Additional consumables can be purchased for students sharing a level.

ESTIMATED DAILY TIME: The approximate length of a Sonlight school day (including all daily subjects) for one student. Students work independently at times, so parent estimates may differ from student estimates.

READ-ALOUDS (RA): Books you read aloud to your children.

READERS (R): Books your children read on their own, either silently or aloud to you. For History / Bible / Literature programs before D, children read grade-specific Readers that help them develop fluency and a true love for reading. From Sonlight D through J, the Readers integrate closely with the HBL material and enhance your children's study of history, geography and culture. (In high school, the literature courses are separate from the history courses.)

SONLIGHTCARES™: The collection of benefits available to Sonlight purchasers. See p. 112 for the list of benefits.

CURRICULUM OVERVIEW

All-In-One Homeschool Curriculum Packages

With Sonlight, you get the materials and guidance you need to homeschool with confidence. We offer multiple homeschool curriculum packages, each completely customizable to meet your family's needs. Start by choosing an option below and customize online as desired.

ALL-SUBJECTS PACKAGE (ASP)

An All-Subjects Package provides all HBL subjects—history, geography, Bible, Read-Alouds, and Readers, with the Instructor's Guide—PLUS handwriting (early grades), spelling (through the middle grades), language arts, math, and science. It also includes all books and Sonlight's unmatched SonlightCares™ benefits. An ASP offers everything you need to teach one child for one school year.

- **YOUR COMPLETE HOMESCHOOL YEAR.**
- **EVERYTHING IN ONE PACKAGE. TOTAL PEACE OF MIND.**
- **20% OFF RETAIL**
- **INCLUDES SONLIGHTCARES™**

Choose a 4- or 5-day per week program (available for most levels).

Depending on your children's ages and skill levels, you may be able to buy one ASP and then add other grade-specific materials to accommodate multiple children.

Includes:

- Instructor's Guide
- History/Geography
- Bible
- Read-Alouds
- Readers
- Science
- Language Arts
- Math
- Handwriting (Levels K-C)
- Spelling (Levels A-F)
- Required Resources

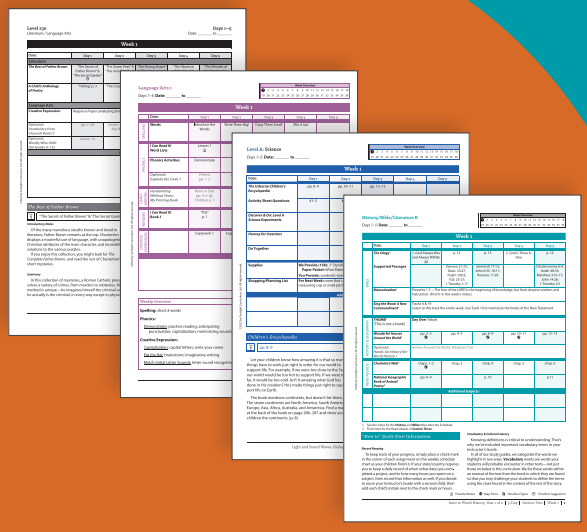
Sonlight INSTRUCTOR'S GUIDES

STOP PLANNING LESSONS & START ENJOYING YOUR HOMESCHOOL!

Sonlight Instructor's Guides make your homeschool days easier. At the core of every Sonlight program is the Instructor's Guide (IG). Available for History / Bible / Literature, Language Arts, and Science, each IG includes complete, ready-to-use lesson plans and notes for the entire year. Just open-and-go, knowing exactly what to teach each day ... without any prep work!

Each IG—History / Bible / Literature, Language Arts, or Science—offers some of the same benefits:



- **IGs eliminate the stress of everyday homeschool planning**
  Each Sonlight Instructor's Guide is the result of hundreds of hours of research and experience. Don't spend your time planning homeschool lessons. With Sonlight's Instructor's Guides, that's been done for you.
- **IGs turn your books into curriculum**
  The IG weaves your books and materials together into a cohesive full-year curriculum. It is your roadmap for the entire school year… with virtually all the planning done for you. Simply do the given assignments and use the suggested Discussion Questions to help you track your students' comprehension.
- **Daily schedules**
  Each IG includes 36-week lesson plans that integrate your children's various subjects into an exciting, unified learning experience. Simply follow the daily schedule for a well-organized, balanced, complete year of learning. All your books and activities are scheduled for the year.
- **Your choice of 4-Day or 5-Day per week programs**
  For most programs, you have a choice between two schedule options. Choose a full 5-Day schedule, or pick the 4-Day option (where available) to reserve time for co-op or extracurricular activities.
- **Experts develop each IG**
  You are free to focus on your unique role: teaching, guiding, and enjoying your children. This is the role that no one else can fill.
- **IGs show you the way every day, all year long**
  Every IG offers a customizable homeschool schedule, complete lesson plans, pertinent activities, and thoughtful questions to aid your students' comprehension. It includes handy teaching tips and pointers so you can homeschool with confidence all year long.
- **24/7 online access**
  Our IGs are available digitally so you have access to lesson plans, daily schedules, notes and more—all online.

INSTRUCTOR'S GUIDES

HISTORY / BIBLE / LITERATURE

TRY BEFORE YOU BUY!
Get a three-week sample of any Sonlight Instructor's Guide—FREE!
sonlight.com/samples

Unique to the History / Bible / Literature (HBL) Instructor's Guide:

1 BIBLE

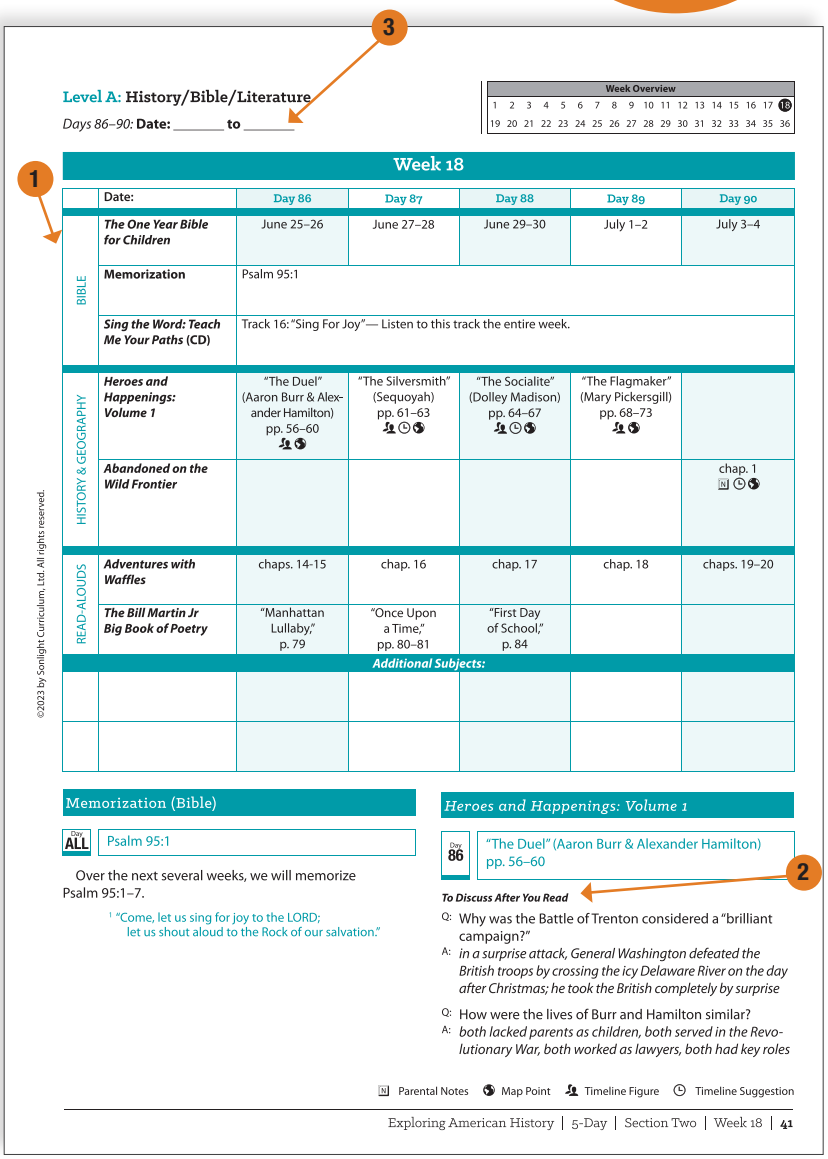
Sonlight's curriculum reflects a Christian worldview and you'll find references to Scripture and Biblical ideas throughout your studies. The goal is to help you and your children read, memorize and talk about Scripture so that God's word becomes woven into the fabric of your lives.

2 DISCUSSION QUESTIONS

Each IG includes various types of discussion questions—including review, comprehension, and open-ended questions—with answers. Focus on the key points, maximize your time, and assess how well your children understand what they're learning.

3 AN EASY RECORD-KEEPING SYSTEM

With space to record completion dates, your student's initials, extra notes and even extra subjects—all your records will be in one place for reporting. »



Level A: History/Bible/Literature
Days 86–90: **Date:** _____ **to** _____

	Additional Subjects:					

Memorization (Bible)

Day ALL — Psalm 95:1

Over the next several weeks, we will memorize Psalm 95:1–7.

[1] "Come, let us sing for joy to the LORD; let us shout aloud to the Rock of our salvation."

Heroes and Happenings: Volume 1

Day 86 — "The Duel" (Aaron Burr & Alexander Hamilton) pp. 56–60

To Discuss After You Read

Q: Why was the Battle of Trenton considered a "brilliant campaign?"
A: *in a surprise attack, General Washington defeated the British troops by crossing the icy Delaware River on the day after Christmas; he took the British completely by surprise*

Q: How were the lives of Burr and Hamilton similar?
A: *both lacked parents as children, both served in the Revolutionary War, both worked as lawyers, both had key roles*

> "I cannot express enough how grateful I am for Sonlight! The selection of books are amazing! For my child who didn't enjoy reading, I found that I just had to give him the right books that he can truly enjoy… and Sonlight did just that! I was a little nervous of the number of books to read but we discovered that it's not the *quantity* of books, rather it's the *quality* of learning." The Instructor's Guide kept her organized and helped structure their days, shares Mavic M of Los Angeles, CA.

PEEK INSIDE A SONLIGHT IG

Sonlight Instructor's Guides include complete lesson plans and notes for the entire year! Download a free sample too.

sonlight.com/ig

4 TEACHING TIPS

See the rationale and educational philosophy behind Sonlight's methods and activities. Each IG includes detailed teaching tips, explains assignments, provides extra information about important topics, and offers support to discuss difficult content. With Sonlight's IGs you'll get the most from the materials so you can teach with confidence!

5 TIMELINE & MAP ACTIVITIES

Put your learning in chronological and geographical context. Timeline activities tell you when to add people, events, and dates to your *Timeline Book*. Map activities help you plot the places you visit in your reading. Your kids will plot points on their *Markable Map* and you have all the answers in the included map key.

6 HANDS-ON ACTIVITIES

In the younger years, you'll find optional hands-on activities designed to deepen your students' understanding of history and offer concrete evidence of learning.

7 VOCABULARY AND CULTURAL LITERACY NOTES

Find clear definitions for important vocabulary that appears in your reading. Enjoy useful Cultural Literacy notes that add depth to your reading and explain things students probably don't know (e.g., what a hoop skirt looks like).

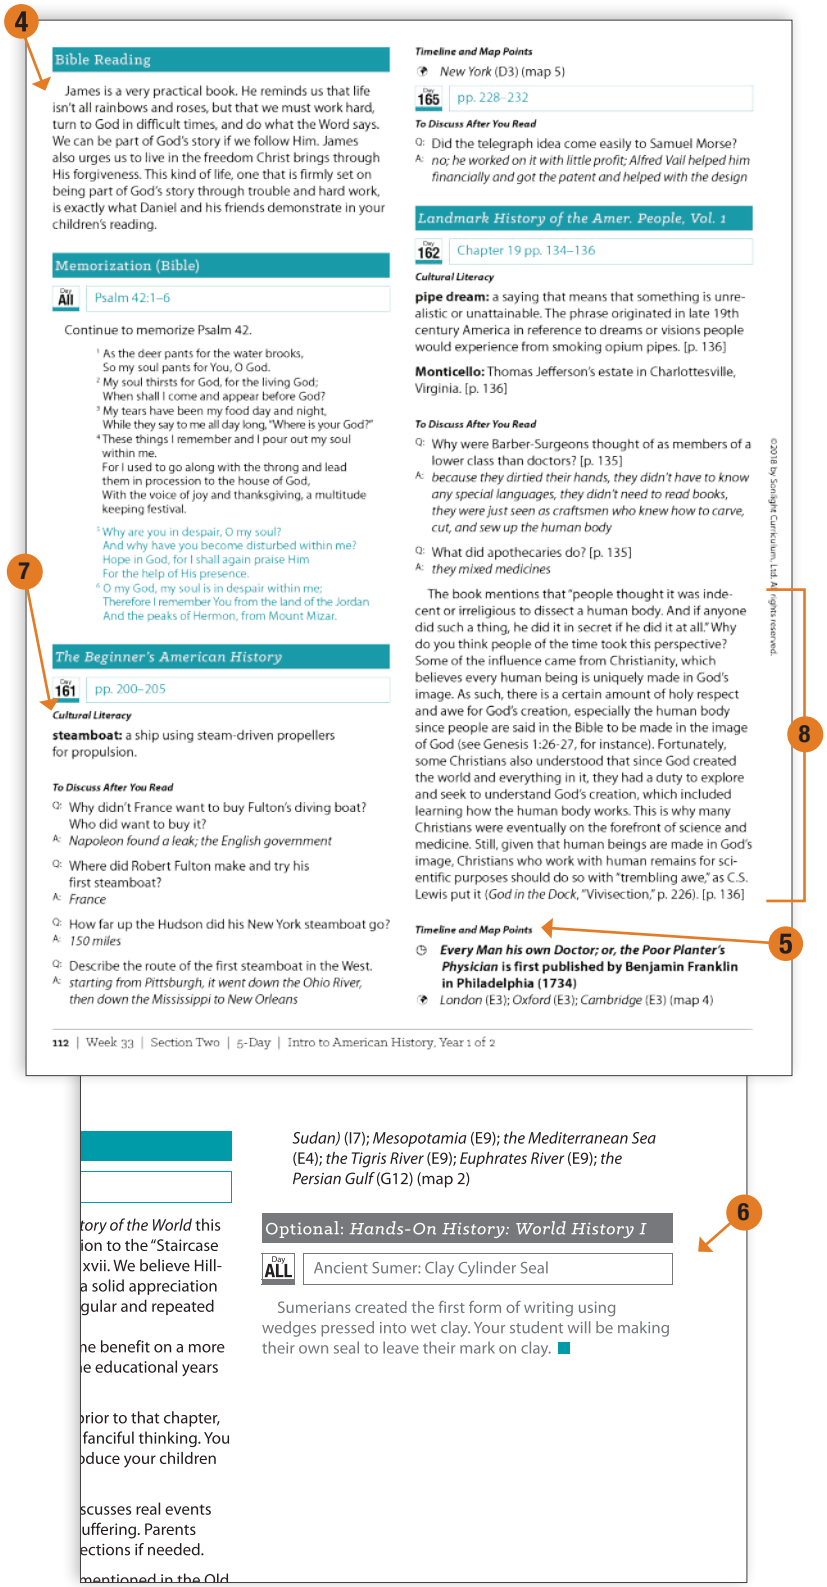
8 NOTES

Extensive teaching notes help you instruct your students with excellence, and ensure that they grasp key concepts. Notes provide counter-balancing arguments, clarification, further explanations, and commentary.

The IG notes also offer warnings about specific books or difficult content, so you can discuss important issues—such as racism and poverty—with thoughtfulness.

9 FLEXIBLE FORMAT

Because many families end up ahead or behind in a subject—at least occasionally—the IGs are structured for maximum flexibility. The IG is a guide, not a taskmaster. As you become comfortable teaching your children, you can skip or alter assignments to fit your family's unique needs.



4

Bible Reading

James is a very practical book. He reminds us that life isn't all rainbows and roses, but that we must work hard, turn to God in difficult times, and do what the Word says. We can be part of God's story if we follow Him. James also urges us to live in the freedom Christ brings through His forgiveness. This kind of life, one that is firmly set on being part of God's story through trouble and hard work, is exactly what Daniel and his friends demonstrate in your children's reading.

Memorization (Bible)

Day All | Psalm 42:1–6

Continue to memorize Psalm 42.

1 As the deer pants for the water brooks,
So my soul pants for You, O God.
2 My soul thirsts for God, for the living God;
When shall I come and appear before God?
3 My tears have been my food day and night,
While they say to me all day long, "Where is your God?"
4 These things I remember and I pour out my soul within me.
For I used to go along with the throng and lead them in procession to the house of God,
With the voice of joy and thanksgiving, a multitude keeping festival.

5 Why are you in despair, O my soul?
And why have you become disturbed within me?
Hope in God, for I shall again praise Him
For the help of His presence.
6 O my God, my soul is in despair within me;
Therefore I remember You from the land of the Jordan
And the peaks of Hermon, from Mount Mizar.

7

The Beginner's American History

Day 161 | pp. 200–205

Cultural Literacy

steamboat: a ship using steam-driven propellers for propulsion.

To Discuss After You Read

Q: Why didn't France want to buy Fulton's diving boat? Who did want to buy it?
A: *Napoleon found a leak; the English government*

Q: Where did Robert Fulton make and try his first steamboat?
A: *France*

Q: How far up the Hudson did his New York steamboat go?
A: *150 miles*

Q: Describe the route of the first steamboat in the West.
A: *starting from Pittsburgh, it went down the Ohio River, then down the Mississippi to New Orleans*

Timeline and Map Points

New York (D3) (map 5)

Day 165 | pp. 228–232

To Discuss After You Read

Q: Did the telegraph idea come easily to Samuel Morse?
A: *no; he worked on it with little profit; Alfred Vail helped him financially and got the patent and helped with the design*

Landmark History of the Amer. People, Vol. 1

Day 162 | Chapter 19 pp. 134–136

Cultural Literacy

pipe dream: a saying that means that something is unrealistic or unattainable. The phrase originated in late 19th century America in reference to dreams or visions people would experience from smoking opium pipes. [p. 136]

Monticello: Thomas Jefferson's estate in Charlottesville, Virginia. [p. 136]

To Discuss After You Read

Q: Why were Barber-Surgeons thought of as members of a lower class than doctors? [p. 135]
A: *because they dirtied their hands, they didn't have to know any special languages, they didn't need to read books, they were just seen as craftsmen who knew how to carve, cut, and sew up the human body*

Q: What did apothecaries do? [p. 135]
A: *they mixed medicines*

The book mentions that "people thought it was indecent or irreligious to dissect a human body. And if anyone did such a thing, he did it in secret if he did it at all." Why do you think people of the time took this perspective? Some of the influence came from Christianity, which believes every human being is uniquely made in God's image. As such, there is a certain amount of holy respect and awe for God's creation, especially the human body since people are said in the Bible to be made in the image of God (see Genesis 1:26-27, for instance). Fortunately, some Christians also understood that since God created the world and everything in it, they had a duty to explore and seek to understand God's creation, which included learning how the human body works. This is why many Christians were eventually on the forefront of science and medicine. Still, given that human beings are made in God's image, Christians who work with human remains for scientific purposes should do so with "trembling awe," as C.S. Lewis put it (*God in the Dock*, "Vivisection," p. 226). [p. 136]

8

Day 17 Chapters 19–24

To Discuss After You Read

8. What does Manifest Destiny mean? [chap. 19] ➡ *the idea that nations with military power should conquer those with less power*
9. According to the author, why did the USG decide to build a navy? What was the outcome? [chap. 20] ➡ *for imperialistic reasons to gain more land; US soldiers took Cuba and the Philippines from weak Spain*
10. Do you think the U.S. is an "indispensable nation"? [chap. 20] ➡ *answers will vary*

In Switzerland, all males must serve in the military (and women may do so voluntarily), and are required to maintain weapons at home; and, they must attend refresher training each year; their military is ready and prepared at all times to defend their land. [chap. 21]

The author seems to tie the Swiss model to guerrilla warfare. With armed citizens, all the people can defend their property from invading forces. Rather than functioning as a standing army that relies on leadership to function, individuals can fight back at will. [chap. 21]

11. What military model does the author find successful and why? [chap. 21] ➡ *the guerrilla model; you need fewer soldiers and just a few soldiers can immobilize an army of conventional soldiers*
12. How has Switzerland managed to stay out of European Wars? [chap. 22] ➡ *all adults are trained as part of the nation's militia; sharpshooting is a national pastime; all are trained to kill the leaders first; every home has a bomb shelter in the basement, the highways have long sections that also function as military airstrips, tunnels can function as airplane hangers, and they store food and ammunition to outlast any invaders*
13. What additional advantage do guerrilla forces have? [chap. 23] ➡ *they are independent and don't rely on leaders to survive*
14. Why is guerrilla warfare so hard to solders to combat? [chap. 24] ➡ *when soldiers kill civilians out of frustration, they lose the will to fight; they know morally they are acting unjustly*

Day 18 Chapters 25–31

To Discuss After You Read

15. Do you think the USG behaved morally in the Philippines? [chap. 25] ➡ *answers will vary*
16. What is the idea behind the term, "the ugly American?" [chap. 26] ➡ *"the belief that we are superior to the rest of the world and have the right to force our ways onto them"*
17. According to the author, why do many nations hate the USG? [chap. 27] ➡ *its conquest and ill-treatment of other peoples due to the incorrect idea of "The White Man's Burden"*
18. Why were most cases of delayed stress syndrome among ground troops? [chap. 28] ➡ *they could see the many people who died because of them*
19. Why does the author consider the Spanish-American war so strategic? [chap. 29] ➡ *"Americans embraced the belief that the USG has the right and duty to meddle in other countries;" and that we should always view reasons for war with skepticism*
20. How did the U.S. gain the land it needed to build the Panama Canal? [chap. 30] ➡ *it supported the Panamanian rebels and helped them secede from Columbia; it wrongly used its might to overcome a smaller nation*
21. What does the author mean when he says, "helping crooks and tyrants?" What is the outcome? [chap. 31] ➡ *"During the 20th century, every President sent American troops to far corners of the globe, usually not to defend liberty, but to train, equip, or provide other kinds of help to the armed forces of crooks and tyrants." "All these governments have enemies, so now their enemies are our enemies."*

Timeline and Map Points

Spanish American War (1898)
Kosovo 1 (map 1)
Indonesia 5; *Vietnam* 4; *Taiwan* 5; *Korea* 6 (map 3)
Panama 2; *Columbia* 3; *Antigua* 4 (map 4)
Afghanistan 1; *Iran* 2; *Iraq* 3 (map 6)
Sudan 1; *Congo* 2; *Zimbabwe* 3 (map 7)

Day 19 Chapters 32–38

To Discuss After You Read

22. What does the author mean by "usual suspects"? [chap. 32] ➡ *the same nine nations are often involved in wars because they have all embraced the "deadly ideas that lead to war"*
23. Why were the Boxer Rebellion and the Russo-Japanese War significant? [chap. 33] ➡ *when Japan won, it was the first time an Asian nation defeated a European power; both were a fight to gain independence from invading forces, and Japan's imitation of stealing territory*
24. Name the nations that allied with each other in WWI. [chap. 34] ➡ *the Central powers (and the Axis powers in WWII): Germany, Austria-Hungary, and Italy; the Allies: Russia, France, Britain, and Serbia*

20 | Week 4 | Section Two | Parent Guide | 20th Century World History

©2021 by Sonlight Curriculum, Ltd. All rights reserved.

11

"So very thankful for Sonlight Curriculum. There's nothing more important than teaching your kids about God. Sonlight is literature-based, so we read so many good books! Also, it's flexible. I love that everything is pre-planned for me. I can pick and choose what we do and don't have to stick with the schedule, but it's there if I need it. We aren't tied to someone else's schedule. We can go at our pace anytime/anywhere. Some days it's their desks, some days it's the couch, other days it's at the table, outside, or in the car," admits Josie H.

INSTRUCTOR'S GUIDES

LANGUAGE ARTS

TRY BEFORE YOU BUY!

Get a three-week sample of any Sonlight Instructor's Guide—FREE!
sonlight.com/samples

Teach writing naturally and with confidence using Sonlight's unique Language Arts Instructor's Guides. LA Guides also include:

1 TEACHING SCRIPTS (IN THE EARLY GRADES)

Read the teaching scripts in the IG when you introduce new ideas, concepts, and assignments. Great for parents just starting to homeschool or to provide extra confidence when teaching!

2 OVERVIEW SUMMARIES

Weekly overviews summarize the concepts, skills and assignments for each week.

3 COPYWORK/DICTATION ASSIGNMENTS

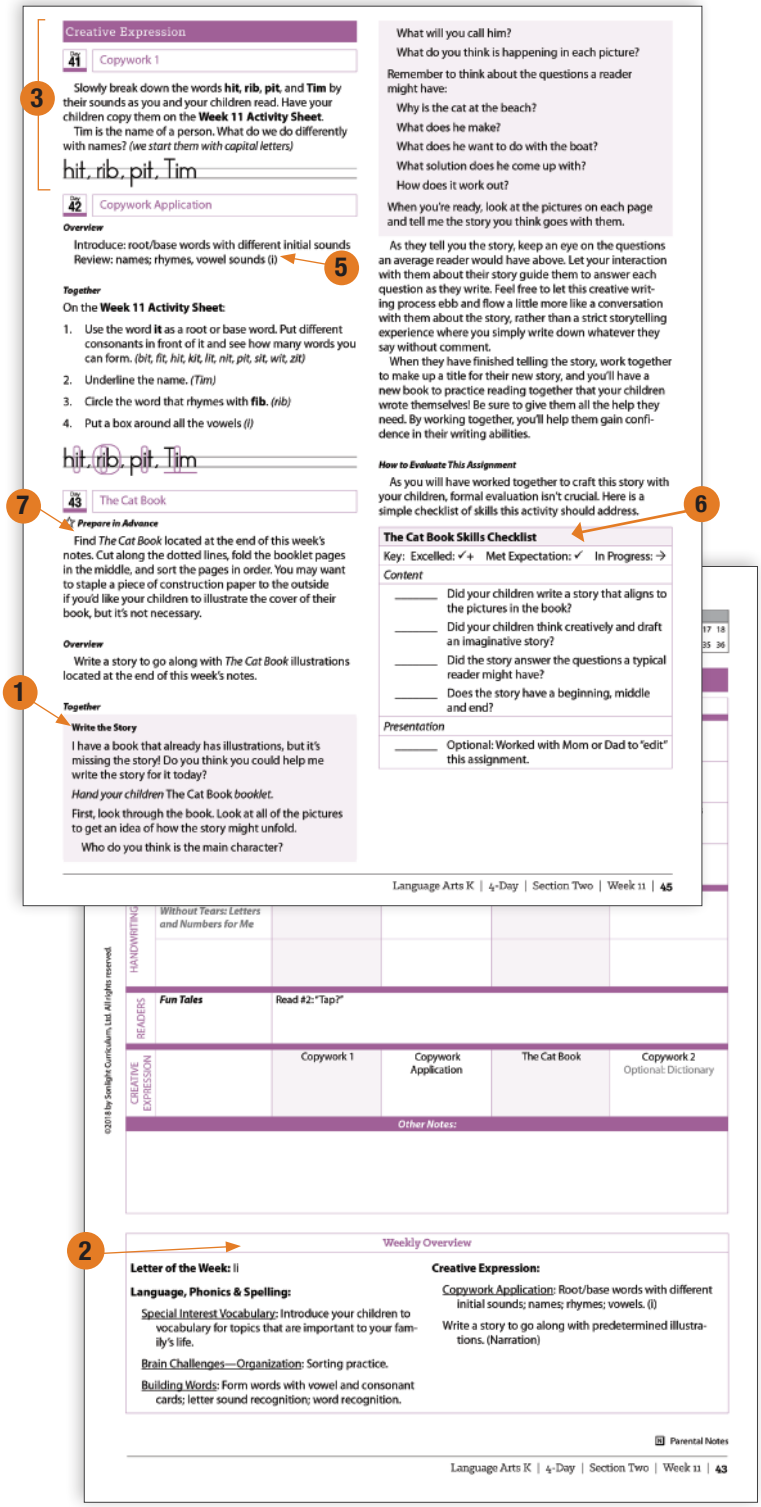
With weekly copywork or dictation assignments, children model master communicators to learn the basics of writing. Assignments are based on your children's ages and ability levels, and most passages come from their Readers.

4 SPELLING/PHONICS

Phonics instruction is included in the LA Guides for levels K-4. Spelling instruction is included in the LA Guides for levels 1-4. In language arts levels D-F, choose one of our stand-alone spelling programs (p. 81).

5 GRAMMAR AND WRITING MECHANICS

Receive clear grammar instruction about specific concepts from the week's copywork or dictation passage, then complete a few exercises to practice and reinforce the concepts. Answers included. Your children will learn to communicate effectively.



Creative Expression

Day 41 Copywork 1

Slowly break down the words **hit, rib, pit,** and **Tim** by their sounds as you and your children read. Have your children copy them on the **Week 11 Activity Sheet**.

Tim is the name of a person. What do we do differently with names? *(we start them with capital letters)*

hit, rib, pit, Tim

Day 42 Copywork Application

Overview

Introduce: root/base words with different initial sounds
Review: names; rhymes, vowel sounds (i)

Together

On the **Week 11 Activity Sheet**:

1. Use the word **it** as a root or base word. Put different consonants in front of it and see how many words you can form. *(bit, fit, hit, kit, lit, nit, pit, sit, wit, zit)*
2. Underline the name. *(Tim)*
3. Circle the word that rhymes with **fib**. *(rib)*
4. Put a box around all the vowels *(i)*

hit, rib, pit, Tim

Day 43 The Cat Book

Prepare in Advance

Find *The Cat Book* located at the end of this week's notes. Cut along the dotted lines, fold the booklet pages in the middle, and sort the pages in order. You may want to staple a piece of construction paper to the outside if you'd like your children to illustrate the cover of their book, but it's not necessary.

Overview

Write a story to go along with *The Cat Book* illustrations located at the end of this week's notes.

Together

Write the Story

I have a book that already has illustrations, but it's missing the story! Do you think you could help me write the story for it today?

Hand your children The Cat Book *booklet.*

First, look through the book. Look at all of the pictures to get an idea of how the story might unfold.

Who do you think is the main character?

What will you call him?

What do you think is happening in each picture?

Remember to think about the questions a reader might have:

Why is the cat at the beach?

What does he make?

What does he want to do with the boat?

What solution does he come up with?

How does it work out?

When you're ready, look at the pictures on each page and tell me the story you think goes with them.

As they tell you the story, keep an eye on the questions an average reader would have above. Let your interaction with them about their story guide them to answer each question as they write. Feel free to let this creative writing process ebb and flow a little more like a conversation with them about the story, rather than a strict storytelling experience where you simply write down whatever they say without comment.

When they have finished telling the story, work together to make up a title for their new story, and you'll have a new book to practice reading together that your children wrote themselves! Be sure to give them all the help they need. By working together, you'll help them gain confidence in their writing abilities.

How to Evaluate This Assignment

As you will have worked together to craft this story with your children, formal evaluation isn't crucial. Here is a simple checklist of skills this activity should address.

The Cat Book Skills Checklist

Key: Excelled: ✓+ Met Expectation: ✓ In Progress: →

Content

_____ Did your children write a story that aligns to the pictures in the book?

_____ Did your children think creatively and draft an imaginative story?

_____ Did the story answer the questions a typical reader might have?

_____ Does the story have a beginning, middle and end?

Presentation

_____ Optional: Worked with Mom or Dad to "edit" this assignment.

Language Arts K | 4-Day | Section Two | Week 11 | 45

Weekly Overview

Letter of the Week: Ii

Language, Phonics & Spelling:

Special Interest Vocabulary: Introduce your children to vocabulary for topics that are important to your family's life.

Brain Challenges—Organization: Sorting practice.

Building Words: Form words with vowel and consonant cards; letter sound recognition; word recognition.

Creative Expression:

Copywork Application: Root/base words with different initial sounds; names; rhymes; vowels. (i)

Write a story to go along with predetermined illustrations. (Narration)

Parental Notes

Language Arts K | 4-Day | Section Two | Week 11 | 43

6 EVALUATIVE RUBRICS

Easily determine how to evaluate your children's work. Are they on track? What areas could use additional practice? What are the expectations in this assignment?

7 EFFECTIVE CREATIVE WRITING INSTRUCTION

Step-by-step creative writing instruction encourages exploration and sets your children free to develop their creative side. They become superb written communicators, too.

Your IG includes assignments in a wide variety of styles and genres, including imaginative, persuasive, expository, narrative, journaling, etc. Each assignment includes instruction and a sample of what your student might produce.

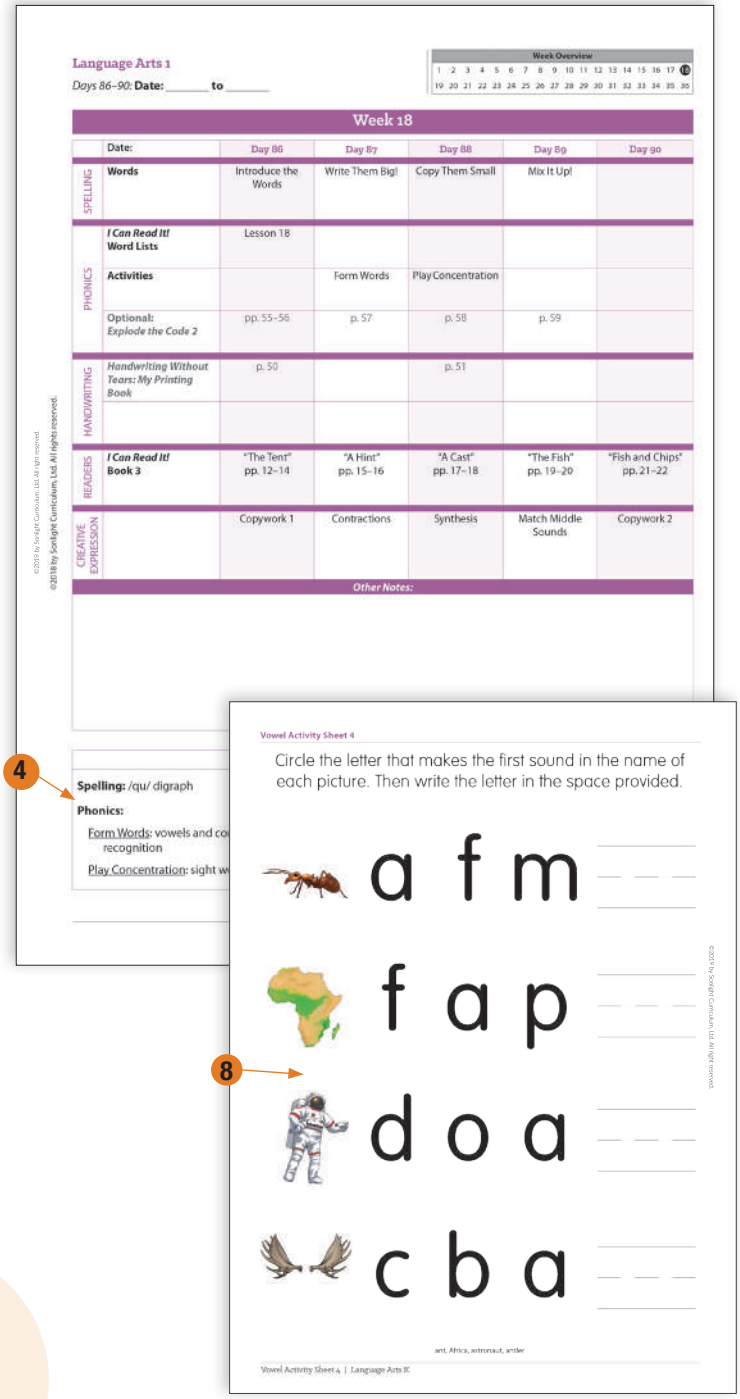
The writing assignments follow a consistent pattern each week: copywork or dictation on Days 1 and 5; mechanics instruction and practice on Day 2; pre-planning for writing on Day 3; writing assignment on Day 4.

8 ACTIVITY SHEETS AND ANSWERS

Activity sheets reinforce your teaching and provide assignments that make your children eager to learn how to write well. A variety of activity options coordinate with your students' language arts studies and draw on a range of skills and interests. Weekly notes provide answers to grammar questions and suggested responses for creative writing assignments.

HANDWRITING/VOCABULARY

All levels include schedules for optional workbooks. These workbooks offer your children additional practice in areas where they may struggle, such as phonics, handwriting, grammar, and vocabulary. See pp. 80-83 for these supplemental materials.



"I never thought I *could–or would*–homeschool my daughter. Sonlight has made homeschooling not only doable, but one of the best gifts we could ever bestow on our daughter. Thank you, Sonlight, for offering a Christ-centered, literature-rich, home-based program for children!"

–The B. Family, Sonlighters from Johnson City, TN

Not sure what levels your children need?

INSTRUCTOR'S GUIDES

SCIENCE

Special features of Sonlight's Science Instructor's Guides:

1 COMPLETE, READY-TO-USE LESSON PLANS

All your science books and experiments are fully scheduled for the entire year. The IG provides the framework for what books to read and when, what experiments to do, and what videos to watch. No need to create your own lesson plans!

2 DETAILED TEACHING NOTES

Notes explain each assignment and activity, point out fun facts about your reading, include question prompts, explanations, hands-on activities (beyond the experiments), and additional notes to enhance the reading and reinforce what your students are learning.

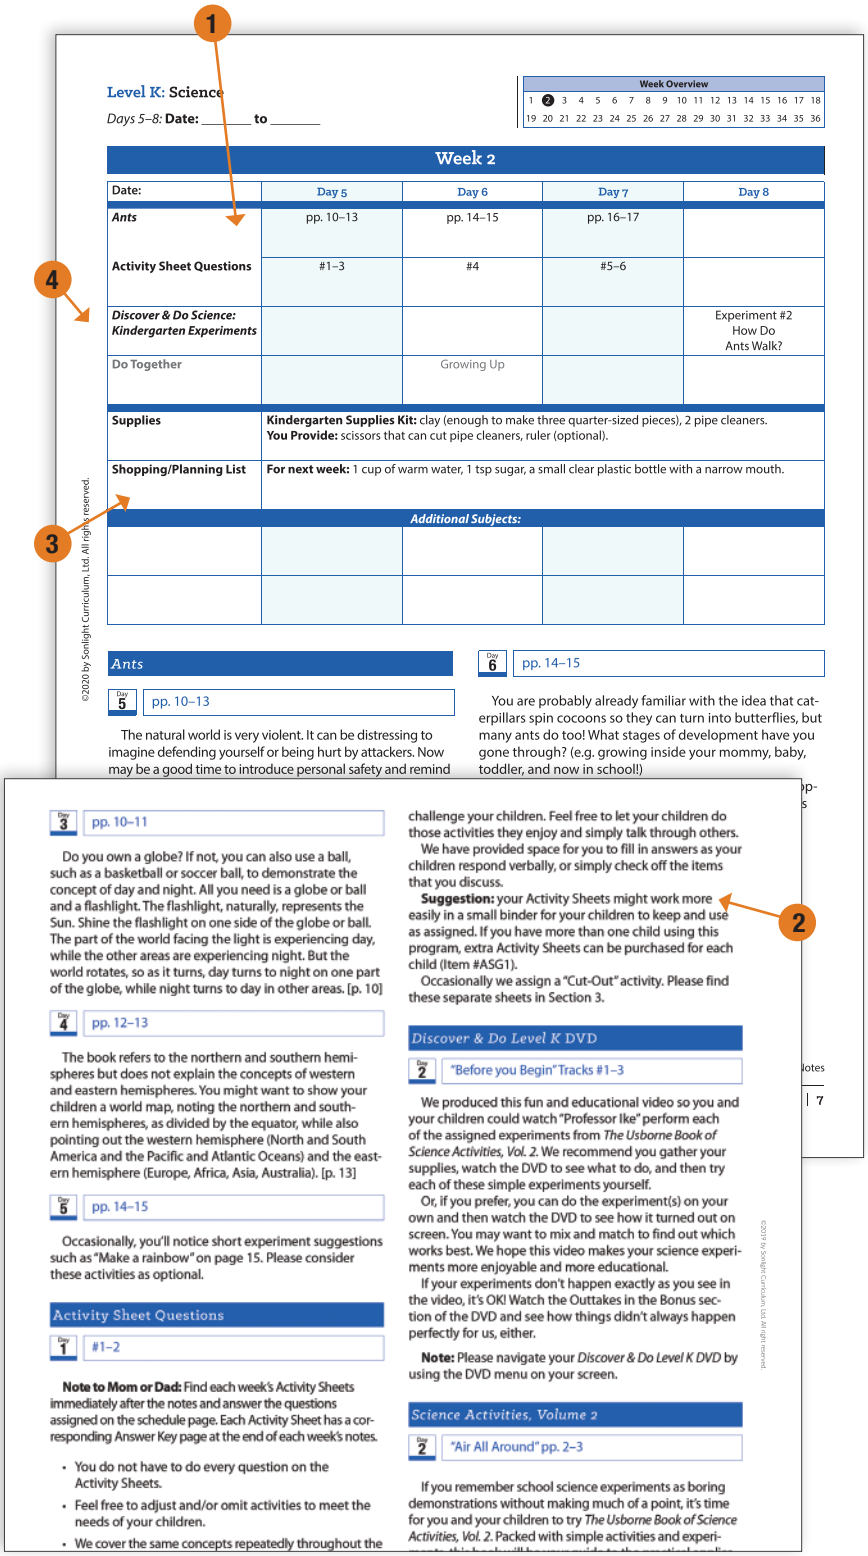
3 ORGANIZATIONAL TOOLS TO HELP YOU PLAN AHEAD

See at a glance the supplies you need for experiments this week and the following week. Know what supplies you'll find in the Sonlight Science Kits, and which household items you'll want to have ready.

4 WEEKLY ASSIGNMENTS AND ENGAGING ACTIVITIES

Simple, engaging experiments coordinate with your weekly reading. In levels K-E, these weekly experiments tie *directly* to that week's reading material for an even more linear progression from reading to doing. Experiments provide hands-on learning and reinforce and apply the concepts studied in the days previous so you can see your child's developing mastery of particular science concepts.

Most of the experiments can be done with common household items, but to minimize prep time, we've created a Science Supplies Kit



Level K: Science

Days 5–8: **Date:** _____ **to** _____

Week Overview

1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18
19	20	21	22	23	24	25	26	27	28	29	30	31	32	33	34	35	36

Week 2

Date:	Day 5	Day 6	Day 7	Day 8
Ants	pp. 10–13	pp. 14–15	pp. 16–17	
Activity Sheet Questions	#1–3	#4	#5–6	
Discover & Do Science: Kindergarten Experiments				Experiment #2 How Do Ants Walk?
Do Together		Growing Up		
Supplies	**Kindergarten Supplies Kit:** clay (enough to make three quarter-sized pieces), 2 pipe cleaners. **You Provide:** scissors that can cut pipe cleaners, ruler (optional).			
Shopping/Planning List	**For next week:** 1 cup of warm water, 1 tsp sugar, a small clear plastic bottle with a narrow mouth.			
Additional Subjects:				

Ants

Day 5 pp. 10–13

The natural world is very violent. It can be distressing to imagine defending yourself or being hurt by attackers. Now may be a good time to introduce personal safety and remind

Day 6 pp. 14–15

You are probably already familiar with the idea that caterpillars spin cocoons so they can turn into butterflies, but many ants do too! What stages of development have you gone through? (e.g. growing inside your mommy, baby, toddler, and now in school!)

Day 3 pp. 10–11

Do you own a globe? If not, you can also use a ball, such as a basketball or soccer ball, to demonstrate the concept of day and night. All you need is a globe or ball and a flashlight. The flashlight, naturally, represents the Sun. Shine the flashlight on one side of the globe or ball. The part of the world facing the light is experiencing day, while the other areas are experiencing night. But the world rotates, so as it turns, day turns to night on one part of the globe, while night turns to day in other areas. [p. 10]

Day 4 pp. 12–13

The book refers to the northern and southern hemispheres but does not explain the concepts of western and eastern hemispheres. You might want to show your children a world map, noting the northern and southern hemispheres, as divided by the equator, while also pointing out the western hemisphere (North and South America and the Pacific and Atlantic Oceans) and the eastern hemisphere (Europe, Africa, Asia, Australia). [p. 13]

Day 5 pp. 14–15

Occasionally, you'll notice short experiment suggestions such as "Make a rainbow" on page 15. Please consider these activities as optional.

Activity Sheet Questions

Day 1 #1–2

Note to Mom or Dad: Find each week's Activity Sheets immediately after the notes and answer the questions assigned on the schedule page. Each Activity Sheet has a corresponding Answer Key page at the end of each week's notes.

- You do not have to do every question on the Activity Sheets.
- Feel free to adjust and/or omit activities to meet the needs of your children.
- We cover the same concepts repeatedly throughout the

challenge your children. Feel free to let your children do those activities they enjoy and simply talk through others.

We have provided space for you to fill in answers as your children respond verbally, or simply check off the items that you discuss.

Suggestion: your Activity Sheets might work more easily in a small binder for your children to keep and use as assigned. If you have more than one child using this program, extra Activity Sheets can be purchased for each child (Item #ASG1).

Occasionally we assign a "Cut-Out" activity. Please find these separate sheets in Section 3.

Discover & Do Level K DVD

Day 2 "Before you Begin" Tracks #1–3

We produced this fun and educational video so you and your children could watch "Professor Ike" perform each of the assigned experiments from *The Usborne Book of Science Activities, Vol. 2.* We recommend you gather your supplies, watch the DVD to see what to do, and then try each of these simple experiments yourself.

Or, if you prefer, you can do the experiment(s) on your own and then watch the DVD to see how it turned out on screen. You may want to mix and match to find out which works best. We hope this video makes your science experiments more enjoyable and more educational.

If your experiments don't happen exactly as you see in the video, it's OK! Watch the Outtakes in the Bonus section of the DVD and see how things didn't always happen perfectly for us, either.

Note: Please navigate your *Discover & Do Level K DVD* by using the DVD menu on your screen.

Science Activities, Volume 2

Day 2 "Air All Around" pp. 2–3

If you remember school science experiments as boring demonstrations without making much of a point, it's time for you and your children to try *The Usborne Book of Science Activities, Vol. 2.* Packed with simple activities and experi-

that includes many of the supplies you need to conduct each experiment. No planning necessary and minimal prep time!

Your children will relish the discoveries they make throughout the year. And you'll love that they are actively exploring STEM (Science, Technology, Engineering, Math) concepts, and making their learning stick.

Instructor's Guides K-J also include:

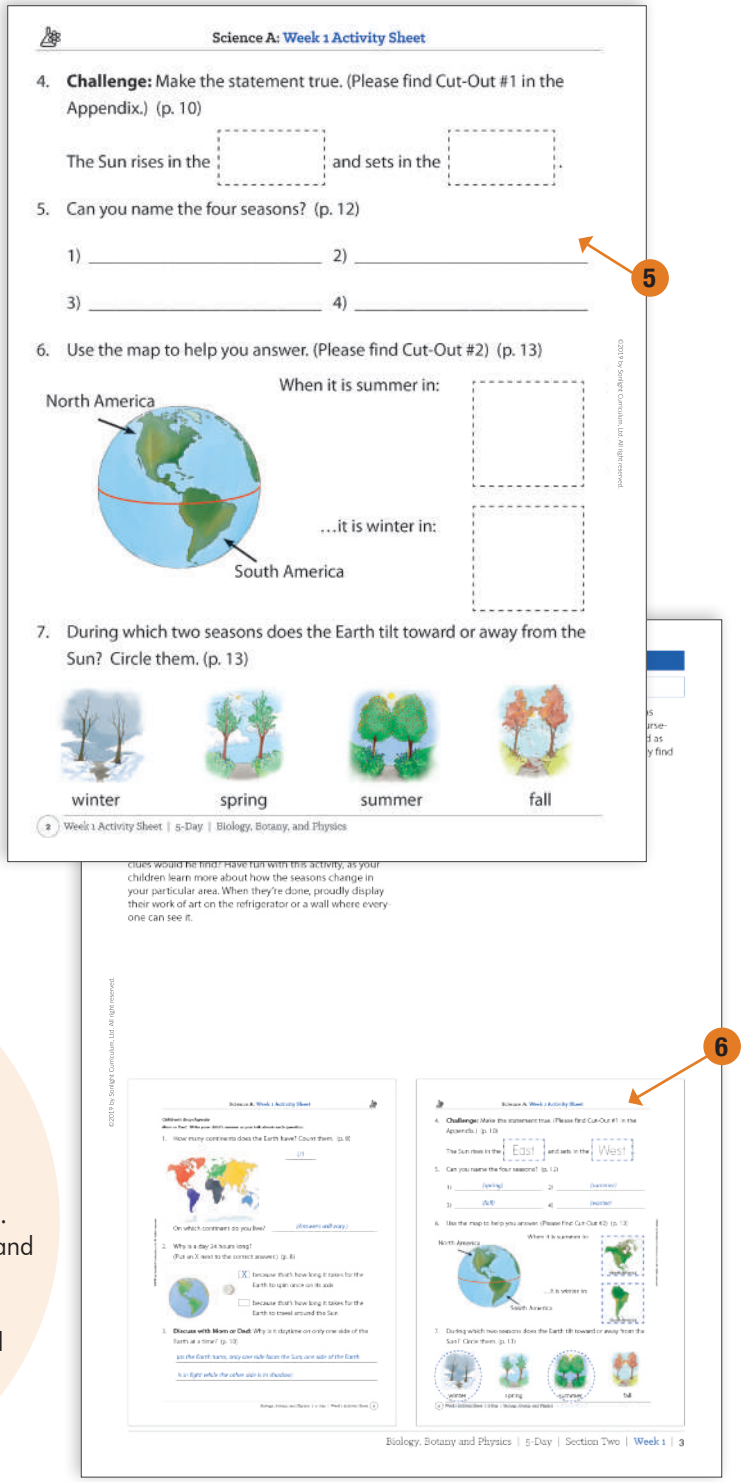
5 INTERACTIVE ACTIVITY SHEETS

Your Activity Sheets—with hundreds of activities, illustrations, charts, and pictures—help your children remember what they've learned. A variety of activity options coordinate with your students' science studies and draw on a range of skills and interests.

Activities progress with your children's abilities: from cutouts, matching, circle-the-answer, and dictation, to fill-in puzzles and sequencing analysis.

6 COMPLETE ANSWER KEYS

Separate Answer Keys mirror your Student Activity sheets for easy grading. No need to test—you have ongoing, reliable insight into your children's comprehension.



Science A: Week 1 Activity Sheet

4. **Challenge:** Make the statement true. (Please find Cut-Out #1 in the Appendix.) (p. 10)

The Sun rises in the _____ and sets in the _____.

5. Can you name the four seasons? (p. 12)

1) _____ 2) _____

3) _____ 4) _____

6. Use the map to help you answer. (Please find Cut-Out #2) (p. 13)

When it is summer in:

North America

South America

...it is winter in:

7. During which two seasons does the Earth tilt toward or away from the Sun? Circle them. (p. 13)

winter spring summer fall

> "This was our first year homeschooling and I didn't know where to start. A friend recommended Sonlight. I absolutely *love* that the programs come with Instructor's Guides that lay out the lesson plans and daily schedule. Planning that myself was my biggest hesitancy to starting homeschool, so Sonlight took so much pressure off of me. Our lessons are challenging, engaging, hands-on, and easy to teach. Rylee started the year struggling through a small chapter book, and finished the year ahead of the reading schedule and confidently reading through each one. That alone is worth the investment, but she also really *enjoyed* the books too! We 100% recommend this curriculum and will continue to use it ourselves. Thank you, Sonlight, for making our first homeschool experience a great one!" exclaims Sarah J of Knoxville, TN.

Curriculum Packages

ALL-SUBJECTS PACKAGES

A Sonlight All-Subjects Package is the comprehensive, all-in-one solution to homeschooling; includes everything you need to homeschool in one complete, easy-to-order package. With an All-Subjects Package you get everything you need to teach all subjects for one student for one year. You get:

- All subjects (history, Bible, geography, Read-Alouds, Readers, language arts, phonics, handwriting (early grades), spelling (through the middle grades) math, and science)
- All materials
- Sonlight's award-winning Instructor's Guides
- 36 weeks of fully-planned instruction
- 20% discount off entire package
- Sonlight's unmatched SonlightCares™ benefits

Each All-Subjects Package is fully customizable offering the convenience of an all-in-one boxed curriculum while providing the flexibility to meet your family's specific needs or multiple children.

Your complete homeschool year in one package. Includes a 20% discount & FREE shipping.*

See what's included in an All-Subjects Package on pp. 22-55 or visit sonlight.com/asp to learn more.

*20% discount off the retail price of complete package.

1 INSTRUCTOR'S GUIDES

There's no need to create your own lesson plans because every Sonlight program is anchored by an award-winning Instructor's Guide (IG). The IG provides the structure for your entire year—36 weeks of fully-planned instruction and complete lesson plans. See pp. 14-21 for more details.

2 HISTORY / BIBLE / LITERATURE PROGRAM

Every All-Subjects Package includes the award-winning History / Bible / Literature (HBL) program of your choice. As the foundation for your homeschool year, the HBL includes history, Bible, geography, and literature (Readers and Read-Alouds), all connected with a comprehensive Instructor's Guide.

Each HBL program encourages students to learn from multiple perspectives and engage in thought-provoking discussion. You'll use a variety of academic resources, including fictional and nonfictional literature, biographies, and illustrated books to deliver an engaging and complete education.

Learn more about Sonlight's HBL programs on pp. 56-69.

3 LANGUAGE ARTS

Leave behind complicated instruction, boring worksheets, and rote memorization. Sonlight Language Arts makes learning to read and write a natural and engaging process. Your children will become excellent readers and writers with our complete language arts programs and engaging supplements for K –12.

Learn more about Sonlight Language Arts on pp. 74-83.

Phonics | Handwriting | Spelling | Grammar | Vocabulary

4 SCIENCE

Sonlight Science combines our signature literature-based approach with research-based science standards to give your students a well-rounded, STEM centered education. Each program lays a firm foundation of scientific understanding and fosters your children's natural curiosity about how the world works. From kindergarten to college-level lab sciences, each Sonlight Science program is hands-on, complete, and easy-to-use.

Learn more about Sonlight Science on pp. 84-94.

5 MATH

We believe math should be fun, not frustrating. You can teach confidently with Sonlight's wide selection of handpicked homeschool math programs. Whether you're starting with elementary math or working through calculus, you'll get to choose the best fit from a wide selection of the best homeschool math programs available.

Learn more about available math programs on pp. 96-100.

ESTIMATED DAILY TIME:
Many families spend 20-50 minutes a day reading, playing and doing the hands-on activities in this program.

The M. family,
Sonlighters from India

PRESCHOOL PACKAGE

Age Range: 3-4

Our 30-week, no-pressure preschool program provides favorite children's book classics, plus engaging games, and hands-on Montessori-type materials and activities all designed to address the developmental needs of young children in a fun, relaxed, and interactive environment.

Scheduled just 3 days a week, your children will build pre-reading, pre-math, pre-writing, listening, and motor skills. They will grow in cultural literacy and learn Bible stories and a story of God at work on the other side of the world. They will work with spatial relationships, build cognitive and motor skills, practice life skills, and wade into rudimentary science.

This package includes a Sonlight Instructor's Guide, a wonderful selection of classic children's literature, and a collection of Montessori-type tactile materials. The included early learning supply kit is filled with an assortment of hands-on learning materials in one convenient, sturdy cardboard box.

All that you need to lay the foundation for a lifetime of learning!

"We love the richness of the books that Sonlight provides! Our love for reading drew us to Sonlight. The stories are delightful, touching, and memorable. I love how customizable it is, and as a Filipino-American family I am able to include my own choice of Filipino books in our homeschool. By the end of William's preschool year, we found that he was already reading at a first grade level, because he had asked us to read these books over and over, and in the process figured out how to read on his own! What a joy for us that our son has discovered a love for reading as well!" reports Kaycee L of Las Vegas, NV.

PRE-K PACKAGE

Age Range: 4-5

Sonlight's Pre-Kindergarten program starts to expand your children's knowledge of the larger world with entertaining stories from around the globe. A wonderful bridge between our preschool program and the early academics of Sonlight K, this 36-week program is scheduled 4 days a week.

You'll teach alphabet sounds and verbal skills, and work through four sequential workbooks dedicated to reading readiness.

Your children will gain a basic understanding of the physical world around them through fundamental science and build broad foundations in Bible, art, and history. They will develop key life skills, both cognitive and developmental with the included Montessori-type materials and activities, all designed to address the developmental needs of young children in a fun, relaxed, and interactive environment.

This package includes a Sonlight Instructor's Guide, literature, language arts/phonics, and hands-on readiness materials.

Together, the pieces of our pre-k package add up to a wonderful program that helps you give your children what they need to grow.

Sonlighters from VA

ALL-SUBJECTS PACKAGE K

Kindergarten Curriculum | Age Range: 5-7

In Sonlight K, children learn two big ideas: past civilizations existed and people—both in the past and today—live in different ways throughout the world.

This 36-week program shows children how others live. They will begin to see situations from another person's point of view and grow a healthy curiosity about the world around them.

Sonlight Science K will teach your children to use real scientific skills and practices. Literature provides the context, while the experiments allow students to experience the scientific process for themselves.

A comprehensive, yet easy-to-use curriculum, this Sonlight package includes everything you need to teach one child (ages 5-7) for an entire year. You get all subjects (history, bible, geography, Read-Alouds, Readers, language arts/phonics, handwriting, math and science) and all required books, all connected with the award-winning Instructor's Guide.

From hands-on activities, to stories they'll remember their entire lives, Sonlight K will generate lots of laughs and joy.

ALL-SUBJECTS PACKAGE A

1st Grade Curriculum | Age Range: 6-8

A delightful, age-appropriate study of American History, All-Subjects Package A is a 36-week program that shares the stories of key events and important people in American History.

Read stories of men and women, artists and presidents, a computer programmer, an enslaved potter, a determined dog, a joyful puppeteer, and more.

Weekly science experiments on weather, geology, and animal life tie directly to the week's reading in Science A with the goal of moving from reading to learning. The end-of-week experiments reinforce and apply concepts studied so you can see the developing mastery of particular science concepts.

A comprehensive, yet easy-to-use curriculum, this Sonlight package includes everything you need to teach one child (ages 6-8) for an entire year. You get all subjects (history, Bible, geography, Read-Alouds, Readers, language arts/phonics, handwriting, math and science) and all required books, all connected with the award-winning Instructor's Guide.

You won't find another program like this on the market. It's unique, fascinating and fun!

"I never would've added poetry to our daily schedule on my own, but thanks to Sonlight's B curriculum it is something that we look forward to each day!" —Bekah H.

ALL-SUBJECTS PACKAGE B

2nd Grade Curriculum | Age Range: 7-9

How did we get from Adam and Eve in a garden to a world population of billions of people living in thousands of vastly different cultures? Find out in this two-year World History overview.

In this 36-week program, the first half of a two-year overview of World History, *A Child's History of the World* serves as the centerpiece of your children's studies and presents a delightful narrative history of the stories and events that shaped the ancient world.

Sonlight Science B will nurture your child's natural curiosity and provide daily opportunities to explore the world around them. They will use real scientific skills and practices as they unearth plants, observe animals, excavate rocks, explore the features of solids, liquids, gases more.

A comprehensive, yet easy-to-use curriculum, this Sonlight package includes everything you need to teach one child (ages 7-9) for an entire year. You get all subjects (history, Bible, geography, Read-Alouds, Readers, language arts/phonics, handwriting, math and science) and all required books, all connected with the award-winning Instructor's Guide.

ESTIMATED DAILY TIME:
Student: 3½-4½ hrs | Parents: 2-3 hrs

ALL-SUBJECTS PACKAGE D

4th Grade Curriculum | Age Range: 9-12

Year one of a two-year study, in this 36-week program your children will come to know the context and progression of American history from the years before Columbus through the 1850s, just before the Civil War.

The Level D Read-Alouds include a dozen titles, many of which are Newbery Medalists and Honors. The more sophisticated story lines provide multiple opportunities for rich discussion.

Science D's focus on energy, waves, and nature nurtures your child's natural curiosity and provides daily opportunities to explore the world around them. Enjoy weekly experiments that tie directly to the week's reading material for progression from reading to doing.

A comprehensive, yet easy-to-use curriculum, this Sonlight package includes everything you need to teach one child (ages 9-12) for an entire year. You get all subjects (history, Bible, geography, Read-Alouds, Readers, language arts, spelling, math and science) and all required books, all connected with the award-winning Instructor's Guide.

It's flexible–to fit your family's needs.

The O. family, Sonlighters from Troy, NC

ESTIMATED DAILY TIME:
Student: 3½-5 hrs | Parents: 2-3 hrs

ALL-SUBJECTS PACKAGE E

5th Grade Curriculum | Age Range: 10-13

This 36-week program covers the second half of American History, from the Civil War through the late 20th Century. History comes to life—Westward Expansion, the Industrial Revolution, WWI and WWII. The central history book focuses on how Americans' unique perspective contributed to inventions such as ready-to-wear clothing, department stores, and skyscrapers.

The Read-Alouds include topics like racism, shell-shock, the Great Depression, and immigration. Both funny books and poignant books are included.

Sonlight Science E includes a comprehensive introduction to technology and engineering and other STEM topics. Students will use real scientific skills as they explore water, our galaxy, ecology, and much more.

A comprehensive, yet easy-to-use curriculum, this Sonlight package includes everything you need to teach one child (ages 10-13) for an entire year. You get all subjects (history, Bible, geography, Read-Alouds, Readers, language arts, spelling, math and science) and all required books, all connected with the award-winning Instructor's Guide.

The H. family, Sonlighters from Fresno, CA

ALL-SUBJECTS PACKAGE F

6th Grade Curriculum | Age Range: 11-14

In this 36-week program you'll study the majority of the people in the world. Unlike other Sonlight programs, this one is a cultural study that acquaints your children with the fascinating peoples and nations of the East. Study China, Asia, the Middle East, Africa, the South Pacific, and end in Antarctica.

Level F Read-Alouds expand on the history and cultures being studied. From the beautiful memoir of life in Vietnam before the war, to a gorgeously illustrated Chinese fairy tale, this collection of books is truly a gift.

The new Sonlight *Science F* includes a comprehensive introduction to technology and engineering and other STEM topics. Students will use real scientific skills as they explore cells, organ systems, genetics, and ecology.

A comprehensive, yet easy-to-use curriculum, this Sonlight package includes everything you need to teach one child (ages 11-14) for an entire year. You get all subjects (history, Bible, geography, Read-Alouds, Readers, language arts, spelling, math and science) and all required books, all connected with the award-winning Instructor's Guide.

ESTIMATED DAILY TIME:
Student: 4-6 hrs | Parents: 2-3½ hrs

ALL-SUBJECTS PACKAGE G

7th Grade Curriculum | Age Range: 12-14

Sonlight G fosters your students' ability to think critically and make connections through the flow of human history from creation through the transformative 1600s. Over the course of 36 weeks, your students will be taken on a story-based trek through history to Ancient Mesopotamia, Egypt, Greece, Rome, and more!

Level G Read-Alouds include 11 or more titles, plus an astonishing poetry collection, that progress mostly chronologically.

In *Sonlight Science G* students will explore earth science, evolution and intelligent design, and chemistry. Included experiments cover practice chemistry and deepen the experience for your children.

A comprehensive, yet easy-to-use curriculum, this Sonlight package includes everything you need to teach one child (ages 12-14) for an entire year. You get all subjects (history, Bible, geography, Read-Alouds, Readers, language arts math and science) and all required books, all connected with the award-winning Instructor's Guide.

The B. family, Sonlighters from Highlands Ranch, CO

ALL-SUBJECTS PACKAGE H

8th Grade Curriculum | Age Range: 13-15

Sonlight H completes the study that began in Sonlight G. In this 36-week program, students will get a backstage pass to the last 500 years of World History. From colonial rule, to the influence of the Renaissance on the American and French Revolutions, and the World Wars, your children will gain a working knowledge of what happened from the 17th century to about 1990.

Level H Read-Alouds will give your children heroes who faced challenges, persevered, and triumphed in the end. This mix of challenging and fun books will serve up thrilling adventures, laugh-out-loud scenes, and heartwarming stories.

Science H provides two options, either *Sonlight Science H* - Technology (with our 4-day program), or the *Apologia General Science* (with our 5-day program). Either program provides you with everything you need to teach successfully.

A comprehensive, yet easy-to-use curriculum, this Sonlight package includes everything you need to teach one child (ages 13-15) for an entire year. You get all subjects (history, Bible, geography, Read-Alouds, Readers, language arts, math and science) and all required books, all connected with the award-winning Instructor's Guide.

ESTIMATED DAILY TIME:
Student: 4-6 hrs | Parents: 2-3½ hrs

ALL-SUBJECTS PACKAGE J

8th Grade Curriculum | Age Range: 13-15

Discover scientific inquiry over the last 4000 years. In this 36-week program, students will explore 4000 years of scientific thought. Witness the curiosity, egos, quirks, and flashes of brilliance as people sought to understand how the world works. Read the stories of how people discovered scientific and mathematical laws, and grasp the significance of chemistry, astronomy, physics, and advanced math. Sonlight's All-Subjects Package J provides an in-depth study of how science and history intersect. It's a phenomenal story.

Includes Science J: Physics, Electromagnetism, & Waves. Science J brings the astonishing History of Science concepts into your home and provides an excellent foundation for future engineers, architects, mathematicians, physicists, and inventors.

A comprehensive, yet easy-to-use curriculum, this Sonlight package includes everything you need to teach one child (ages 13-15) for an entire year. You get all subjects (history, Bible, geography, Read-Alouds, Readers, language arts, math and science) and all required books, all connected with the award-winning Instructor's Guide.

The B. family, Sonlighters from Hollandale, MN

ESTIMATED DAILY TIME:
Student: 5–7 hrs | Parent: 2–3½ hrs

ALL-SUBJECTS PACKAGE 100

9th Grade Curriculum | Age Range: 13-15

Sonlight's 100 offers a fascinating look at the ups and downs of the nation's past. As your children transition to independent learning, they will examine the events, people, and debates that molded the United States. Centered around the **spine** *America: The Last Best Hope* by William J. Bennett.

The package includes *Sonlight's American Historical Literature/Language Arts 130 course*. It's a roughly chronological journey through American History. From Alaska's Yukon Gold rush to the Jim Crow south, from Iroquois life in New York to a California girl moving to Mexico, students enjoy a wide variety of settings and genres.

Starting with this upper-level program, courses are designed for more independent study. Each high school-level course includes both a Parent Guide and a separate Student Guide for History/Bible and Literature/Language Arts.

Science 150: Physical Science is taught from a Christian viewpoint with emphasis on the incredible design features apparent throughout God's creation.

Includes everything you need to teach one child (ages 13-15) for one school year. You get all subjects (history, Bible, geography, literature, language arts, math and science) and all required books.

ESTIMATED DAILY TIME:
Student: 5–7 hrs | Parent: 1–2½ hrs

The B. family, Sonlighters from Gillette, WY

ALL-SUBJECTS PACKAGE 200

10th Grade Curriculum | Age Range: 14-17

Sonlight 200 seeks to give young people an understanding of their extended family of believers and their heritage as citizens of God's kingdom. It teaches both traditional "Church History," as well as the expansion of the Gospel from the early days in the Roman Empire until now. It's a history of the Church and the people in the Church.

Learn about the creeds and schisms, the decrees and theses, the doctrines and denominations.

This package includes *Sonlight's Classical Literature/ Language Arts 230 course*. Stories set mostly chronologically through history, mostly by British authors, you'll travel from first century Israel to World War II and beyond.

Each high school-level course includes both a Parent Guide and a separate Student Guide for History/Bible and Literature/Language Arts.

Science 250: Biology (without microscope) gives a Christian viewpoint that lifts up God's incredible design for the world.

The package includes everything you need to teach one child (ages 14-17) for one school year. You get all subjects (history, Bible, geography, literature, language arts, math and science) and all required books.

The B. family, Sonlighters from Germany

ESTIMATED DAILY TIME:
Student: 6–8 hrs | Parent: 2–3 hrs

ALL-SUBJECTS PACKAGE 400

12th Grade Curriculum | Age Range: 17-18

The Founding Fathers created a unique system of government, previously unknown in the world—a constitutional federated republic. Read the fascinating history of United States government (including primary source documents). Also learn about today's government—lobbyists, bureaucracy, and special interest groups. Many states require Economics to graduate. Sonlight 400 also gives students a balanced, critical view of modern economics, from basic theory to politics and trade. It also seeks to look at God's perspective.

This package includes *Sonlight's American Literature/ Language Arts 430 course*. It includes practical books, autobiographies, imaginative literature, and short stories. Students will practice in-depth analysis on classics of American literature.

Each high school-level course includes both a Parent Guide and a separate Student Guide for History/Bible and Literature/Language Arts.

Science 450: Physics is a wonderful, advanced high school level science experience, well-suited for college preparation.

The package includes everything you need to teach one child (ages 17-18) for one school year. You get all subjects (history, Bible, geography, literature, language arts, math and science) and all required books.

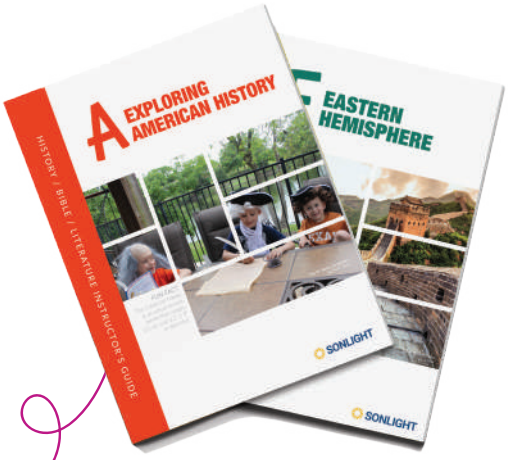
HISTORY/ BIBLE / LITERATURE PROGRAMS

Programs are available from preschool through high school.

The literature-based History / Bible / Literature (HBL) programs provide the foundation for a complete Sonlight education and weave together a year's worth of history, geography, Bible, and literature. Each HBL program encourages students to learn from multiple perspectives and engage in thought-provoking discussion. You'll use a variety of academic resources, including fictional and nonfictional literature, biographies, and illustrated books to deliver an engaging and complete education. See what's included in an HBL program on this page or visit sonlight.com/hbl to learn more. Browse each HBL program on pp. 56-69.



1 INSTRUCTOR'S GUIDE

There's no need to create your own lesson plans because every Sonlight program is anchored by an award-winning Instructor's Guide (IG). The IG provides the structure for your entire year—36 weeks of fully-planned instruction and complete lesson plans. See pp. 14-21 for more details.

2 BIBLE

All Sonlight programs come from a Christian perspective. Throughout your studies, the Instructor's Guide includes Scripture references and questions that seek to relate what you're reading to your faith.

Each Sonlight program schedules a Bible passage to read every day. By the time they graduate, your children will have read through most of the Bible more than once. The schedule also suggests a weekly memory verse. These are set to music in Sonlight's K through G programs.

Besides Bible reading and Scripture memory, many programs also include age-appropriate additional books, such as Bible study guides, books on Christian practices like prayer, and books of apologetics. You and your children will read, talk about, pray, and memorize Scripture so that God's Word becomes integral in your lives. We want your children to share God's heart for the world and change the world for Christ!

Every year, Sonlight programs include at least one missionary biography. These books show how God is at work around the world, bringing transformation to those in His kingdom.

3 HISTORY

Sonlight HBL programs go through a full history cycle three times between kindergarten and graduation. Each time through, your children gain a deeper understanding of what has happened and what God is doing. Sonlight also brings in additional topics worthy of study, such as the Eastern Hemisphere and the History of the Christian Church.

The big picture: three cycles, nicely balanced between American and World History, and two years dedicated to important – but unusual! – topics.

In daily practice, each program includes a fascinating, story-based history book or series to serve as the "spine" for each HBL level. You gradually read this book, mostly moving chronologically through history. You'll also read an illustrated book so that your students get both a narrative and a visual history.

On top of the foundations of information and illustration, Sonlight's HBL programs add additional books, mostly biographies and historical fiction.

4 GEOGRAPHY

Geography is an integral part of an HBL program. Whenever you encounter a name or place in your reading, we point it out in your Instructor's Guide.

Students locate places on their *Markable Maps*. In Sonlight's K–J programs, we include small, laminated maps with each location pinpointed so that you and your children can identify the locations easily.

The Sonlight *Timeline Book* has blank pages with dates from 5000 B.C. to the Present where students mark names, important dates, events, and add illustrated stickers. A filled *Timeline Book* is an amazing resource: not only a record of people and topics your children have studied, but a cumulative reference to understand history as a whole.

5

LITERATURE

When you use a Sonlight package, your children read more widely than they probably would otherwise. You'll read books in a wide range of literary styles and genres.

In Sonlight levels K through J, the literature is divided into two parts: Read-Alouds and Readers. The Read-Alouds you read aloud to your children; the Readers they read to themselves.

Read-Alouds

From the first beautifully illustrated Read-Alouds in preschool, the titles gradually progress to longer books with more complex plots. They often interweave with your history readings.

Carefully chosen to be age appropriate, the Read-Alouds are weightier books than the Readers, with more challenging vocabulary and more thought-provoking topics.

You have a chance to explain things as you go along, to talk with your children about what you're reading and what you're thinking as you read. This is where true discipleship occurs, where you are talking with your children "when you sit in your house and when you walk by the way and when you lie down and when you rise up" (Deuteronomy 6:7).

Besides a dozen or so books of prose, each Sonlight Read-Aloud package also includes at least one book of poetry.

Readers

Each Sonlight Reader package features fascinating and engrossing stories that will captivate your children's interest and entice them to keep reading.

From the first Reader, Sonlight's Readers grow progressively more challenging as your children increase reading fluency.

Readers in the early years use simpler vocabulary, simple sentence structures, short paragraphs, large fonts, and fewer words on a page than do Readers in later years.

In the four Sonlight programs that correspond to early elementary school—Levels K, A, B, and C—you have six different Reader packages to choose from. Because children learn to read at different rates, you have options. And if you have children of different ages combined together into one program, you can choose separate Reader packages that will best meet each of your children's unique abilities.

FICTION, FAIRY TALES & FUN

Preschool Package

Grades: Preschool | Ages: 3-4

ESTIMATED DAILY TIME: Many families spend 20-50 minutes a day reading, playing and doing the hands-on activities in this program.

EMBARK ON AN EXCITING ADVENTURE OF LEARNING

Our 30-week, no-pressure preschool program provides favorite children's book classics, plus engaging games, and hands-on Montessori-type materials and activities all designed to address the developmental needs of young children in a fun, relaxed, and interactive environment. Scheduled just 3 days a week, your children will build pre-reading, pre-math, pre-writing, listening, and motor skills. They will grow in cultural literacy and learn Bible stories and a story of God at work on the other side of the world. They will work with spatial relationships, build cognitive and motor skills, practice life skills, and wade into rudimentary science.

Flexible and simple to teach, Sonlight's preschool program embraces a nurturing learning environment that provides the opportunity for your little one to hear great stories, spend quality time with you, and explore the world around them through great books, play, and tactile activities.

EXPLORING GODS' WORLD

Pre-Kindergarten Package

Grades: PreK | Ages: 4-5

ESTIMATED DAILY TIME: Student & Parent: 20 mins to 1½ hr

NURTURE A LOVE OF LEARNING FOR A LIFETIME

Sonlight's Pre-Kindergarten program starts to expand your children's knowledge of the larger world with entertaining stories from around the globe. A wonderful bridge between our preschool program and the early academics of Sonlight K, this 36-week program is scheduled 4 days a week. You'll teach alphabet sounds and verbal skills, and work through four sequential workbooks dedicated to reading readiness. Your children will gain a basic understanding of the physical world around them through fundamental science and build broad foundations in Bible, art, and history. They will develop key life skills, both cognitive and developmental with the included Montessori-type materials and activities all designed to address the developmental needs of young children in a fun, relaxed, and interactive environment. In Sonlight Pre-K, your students will see that learning is fun, as they start down the path of a lifetime of learning.

Grades: K-2 | Ages: 5-7

ESTIMATED DAILY TIME: Student: 1½-2 hrs | Parents: 1-1½ hrs
(plus your other subjects)

YOUNG ADVENTURERS: EXPLORE GOD'S BIG WORLD

In Sonlight K, children learn two big ideas: past civilizations existed and people—both in the past and today—live in different ways throughout the world. This 36-week program shows children how others live. They will begin to see situations from another person's point of view and grow a healthy curiosity about the world around them. From stories about worthy heroes to hands-on activities, you will discover together that learning really is fun!

The books naturally lead to conversations—about faith, about character, about relationships. These books present worthy heroes who display courage and honesty, who work hard, who love their families, and who do the right thing.

History / Bible / Literature B

Grades: 2-4 | Ages: 7-9

ESTIMATED DAILY TIME: Student: 2-3 hrs | Parents: 1½-2 hrs
(plus your other subjects)

TRAVEL THE GLOBE ON A THRILLING ANCIENT ADVENTURE

In this 36-week program, the first half of a two-year overview of World History, your children will learn about countries, currencies, languages, and cultures as they move through a chronological trek from Creation through the Fall of Rome. A *Child's History of the World* serves as the centerpiece of your children's studies and presents a delightful narrative history of the stories and events that shaped the ancient world. In addition, you'll meet heroes who followed God's call, laugh with classic literature, and discover the breath-taking story of God's whole world.

TOUR WORLD HISTORY FROM CREATION TO THE 20TH CENTURY

Get the very best of Sonlight B and C, condensed into one exciting year! In this foundational, 36-week overview of World History, you'll explore significant events and encounter an amazing variety of peoples and cultures. Students will gain an understanding of how the rise and fall of civilizations over time has helped to create the world we live in today. You'll go through the big picture in *The Usborne World History,* and *Time Traveler*; spend some time focused on Egypt, Rome, Vikings, and Medieval Europe; and increase cultural literacy with *Aesop's Fables* and Robin Hood's stories.

If you want your elementary students to study World History, but would rather not take two years to do so, this program is for you. Because of the amount of material covered in this program, B+C is only available as a 5-Day option.

DISCOVER THE FOUNDATION OF THE UNITED STATES—AND THE PEOPLE WHO WERE ALREADY THERE

Year one of a two-year study, in this 36-week program your children will come to know the context and progression of American history from the years before Columbus through the 1850s, just before the Civil War.

Learn about the civilizations that lived in the Americas before the Europeans arrived, and the challenges that settlers faced as they came to a new land. Learn about the Founding Fathers and the Constitution. Meet famous Americans like Pocahontas and Benjamin Franklin. The central history book this year tells fascinating stories about the social forces and cultural influences that shaped early America.

E

History / Bible / Literature E

Grades: 5-8 | Ages: 10-13

ESTIMATED DAILY TIME: Student: 3½-5 hrs | Parents: 2-3 hrs
(plus your other subjects)

EXPERIENCE AMERICA'S HISTORY FROM THE 1850'S ON

This 36-week program covers the second half of American History, from the Civil War through the late 20th Century. History comes to life—Westward Expansion, the Industrial Revolution, WWI and WWII.

The central history book focuses on how Americans' unique perspective contributed to inventions such as ready-to-wear clothing, department stores, and skyscrapers. Examine how mass immigration, women's suffrage, the labor movement, and the Great Depression impacted the social, political, and economic climate of the country. Discuss how racism has influenced life for individuals and the entire nation through the years.

With Sonlight E, you'll get an engaging study of the American spirit of creativity and entrepreneurship through biographies, historical fiction, and great conversations.

JOURNEY THROUGH ALL OF AMERICAN HISTORY

Experience the dramatic story of American History, from before Columbus to modern times. This program includes the most vital books from two full years of study (Sonlight D and E), here condensed into one. This 36-week program gives your children a broad overview of an influential and ever-changing nation. Learn about characters and events: explorers, American Indians, the Founding Fathers, famous inventors, and ordinary people with extraordinary stories. As you read, you'll gain a foundational understanding of a unique people, culture, and country.

If you want your elementary students to study American History but would rather not take two years to do so, this program is for you. Because of the amount of material covered in the program, D+E is only available as a 5-Day option.

EASTERN HEMISPHERE

History / Bible / Literature F

Grades: 6-9 | Ages: 11-14

ESTIMATED DAILY TIME: Student: 4-6 hrs | Parents: 2-3½ hrs
(plus your other subjects)

TRAVEL TO THE EAST AND GLIMPSE GOD'S HEART FOR THE WORLD

In this 36-week program you'll study the majority of the people in the world. Unlike other Sonlight programs, this one is a cultural study that acquaints your children with the fascinating peoples and nations of the East.

Study China, Asia, the Middle East, Africa, the South Pacific, and end in Antarctica. You'll get to know the people and cultures of places you may never have studied in-depth, including Japan, India, Vietnam, and Russia. Your children will gain God's heart and compassion through the many featured missionary biographies.

As your children see Christianity compared to religions of the East, they will appreciate even more what a great God we serve!

WORLD HISTORY, *YEAR 1 OF 2*

History / Bible / Literature G

Grades: 7-9 | Ages: 12-14

ESTIMATED DAILY TIME: Student: 4-6 hrs | Parents: 2-3½ hrs
(plus your other subjects)

WITNESS THE RISE AND FALL OF ANCIENT EMPIRES

Sonlight G fosters your students' ability to think critically and make connections through the flow of human history from creation through the transformative 1600s. Over the course of 36 weeks, your students will be taken on a story-based trek through history to Ancient Mesopotamia, Egypt, Greece, Rome, and more! Sonlight G brings the ancient world to life with vivid biographies, historical fiction, and award-winning literature.

Prefer a one-year World History option? See HBL W, p. 66.

WORLD HISTORY, *YEAR 2 OF 2*

History / Bible / Literature H

Grades: 8-10 | Ages: 13-15

ESTIMATED DAILY TIME: Student: 4-6 hrs | Parents: 2-3½ hrs
(plus your other subjects)

EXPLORE THE CHANGING WORLD OF THE LAST 500 YEARS

Sonlight H completes the study that began in Sonlight G. Students will get a backstage pass to the last 500 years of World History. From colonial rule, to the influence of the Renaissance on the American and French Revolutions, and the World Wars, students will gain a working knowledge of what happened from the 17th century to about 1990.

Sonlight H will give your children heroes who faced challenges, persevered, and triumphed in the end. This mix of challenging and fun books will serve up thrilling adventures, laugh-out-loud scenes, and heartwarming stories.

History / Bible / Literature W

Grades: 7-9 | Ages: 12-14

ESTIMATED DAILY TIME: Student: 4-6 hrs | Parents: 2-3½ hrs
(plus your other subjects)

TRAVEL THROUGH THE HIGHLIGHTS OF HUMAN HISTORY

If your middle school or early high school student needs a thorough overview of world history, but only has a year to dedicate to that study, this 36-week program is for you. From the start of recorded history through the modern era, you'll come away with a clear picture of famous events through time.

Sonlight W includes a tremendous amount of high-quality literature. To make all the reading manageable, the program uses the clear and easy-to-understand *A Child's History of the World* as a foundation.

Because of the amount of material covered in this program, Sonlight W is only available as a 5-Day option.

HISTORY OF SCIENCE

J

History / Bible / Literature J

Grades: 8-10 | Ages: 13-15

ESTIMATED DAILY TIME: Student: 4-6 hrs | Parents: 2-3½ hrs
(plus your other subjects)

DISCOVER SCIENTIFIC INQUIRY OVER THE LAST 4000 YEARS

In this 36-week program, students will explore 4000 years of scientific thought. Witness the curiosity, egos, quirks, and flashes of brilliance as people sought to understand how the world works. Read the stories of how people discovered scientific and mathematical laws, and grasp the significance of chemistry, astronomy, physics, and advanced math.

Sonlight's J provides an in-depth study of how science and history intersect. It's a phenomenal story.

AMERICAN HISTORY

100

History / Bible / Literature 100

Grades: 8-10 | Ages: 13-15

ESTIMATED DAILY TIME: Student: 1hr 30 mins
(plus your other subjects)

UNCOVER THE RICH TREASURES OF AMERICAN HISTORY

Sonlight 100 offers a fascinating look at the ups and downs of the nation's past. As your children transition to independent learning, they will examine the events, people, and debates that molded the United States. Centered around *America: The Last Best Hope* by William J. Bennett.

The package includes *Sonlight's American Historical Literature/ Language Arts course*. It's a roughly chronological journey through American History. From Alaska's Yukon Gold rush to the Jim Crow south, from Iroquois life in New York to a California girl moving to Mexico, students enjoy a wide variety of settings and genres.

HISTORY OF THE CHRISTIAN CHURCH

200

History / Bible / Literature 200

Grades: 9-11 | Ages: 14-17

ESTIMATED DAILY TIME: Student: 1hr 30 mins
(plus your other subjects)

DISCOVER 2,000 YEARS OF YOUR CHRISTIAN HERITAGE

Sonlight 200 seeks to give young people an understanding of their extended family of believers and their heritage as citizens of God's kingdom. It teaches both traditional "Church History," as well as the expansion of the Gospel from the early days in the Roman Empire until now. It's a history of the Church and the people in the Church. Learn about the creeds and schisms, the decrees and theses, the doctrines and denominations.

This package includes *Sonlight's Classical Literature/Language Arts course*, which covers both a chronological progression and a general emphasis on great works by British authors. Students will enjoy works by authors such as C.S. Lewis, Rosemary Sutcliff, Daniel Defoe, and Shakespeare.

AMERICAN GOVERNMENT & ECONOMICS

400

History / Bible / Literature 400

Grades: 11-12 | Ages: 17-18

ESTIMATED DAILY TIME: Student: 2 hrs
(plus your other subjects)

UNEARTH THE HERITAGE AND HISTORY OF THE U.S. GOVERNMENT

The Founding Fathers created a unique system of government, previously unknown in the world—a constitutional federated republic. Read the fascinating history of United States government (including primary source documents). Learn about today's government—lobbyists, bureaucracy, and special interest groups. Many states require Economics in order to graduate. Sonlight 400 also gives students a balanced, critical view of modern economics, from basic theory to politics and trade. It also seeks to look at God's perspective.

This package includes *Sonlight's American Literature/Language Arts course* which includes practical books, autobiography, imaginative literature, and short stories. Students will practice in-depth analysis on classics of American literature.

READER PROGRAMS

Sonlight Early Elementary Readers

Every Sonlight History / Bible / Literature program includes Readers. The goal: help your students love to read by giving them fun, real books they can read successfully.

You'll begin in the earliest levels with phonics-based reading instruction. Reading lessons move your children through a natural progression of phonetic and spelling patterns. Your Language Arts IG includes spelling, grammar, and creative writing.

Customize your early elementary Sonlight History / Bible / Literature program by choosing the grade of Readers that matches your child's reading ability. Use the free Reading Assessment at *sonlight.com/assessment* to select the appropriate Reader levels for your family.

Sonlight's Pre-K Program

Readers are an optional add-on. If your children are ready to learn to read, consider getting the Pre-Kindergarten program with K Readers (pp. 26-27).

"Finding Sonlight has enriched our homeschool life, providing ease of schedule and helpful questions and tips all along the way. Nothing gets missed! I feel so supported in this calling of being a homeschool mom. I love all of the books and especially the IG! What a help not to have to plan everything myself. All of the work is done for me so that I can truly enjoy being able to teach the material provided," reports Bekah H of Charlottesville, VA. "Before finding Sonlight I struggled to find adequate readers & read-alouds for our family. It felt like a chore trying to piecemeal together books that would be appropriate and fit their reading level, let alone go along with a theme that we were learning. But then enter Sonlight! It has far surpassed my expectations and has been the best fit for our family! We love getting to sit together on this window bench and enter into a new world through these delightful books."

History / Bible / Literature K, A, B, C, or B+C

Pick from the Reader options to complete your History / Bible / Literature level in Sonlight K, A, B, C, or B+C.

Readers for History / Bible / Literature D & Above

Beginning with HBL D, the Readers tie directly into the history content of the HBL. These masterfully written, adventure-filled stories help to cement the transition from "learning to read" to "reading to learn."

How to Choose Your Readers

We recommend you start with the language arts level that matches your student's ability first, then choose the matching Reader set, regardless of reading ability. We offer a free Language Arts Assessment on our website at *sonlight.com/assessment*

Learn more about each program and view a complete book list with descriptions for each package at *sonlight.com/readers*

GRADE K READERS

Grades: K-1 | Ages: 5-7

The K Readers package is designed for children who are ready to learn the alphabet and begin to read.

Days Per Week: 4-DAY or 5-DAY

As low as **$39.00**

Learn more at *sonlight.com/grade-k-readers*

GRADE 1 READERS

Grade: 1 | Ages: 6-8

Designed for children who know the 26 basic letter sounds (only short vowels), this program begins with 3-letter words and moves on to long vowel sounds and sight words.

Days Per Week: 4-DAY or 5-DAY

As low as **$128.94**

Learn more at *sonlight.com/grade-1-readers*

GRADE 2 READERS

Grade: 2 | Ages: 7-9

Ideal for children who have progressed to reading long-vowel, 5- & 6-letter words with moderate fluency. By the end of the program they will have progressed to reading chapter books.

Days Per Week: 4-DAY or 5-DAY

As low as **$90.89**

Learn more at *sonlight.com/grade-2-readers*

GRADE 3 READERS

Grade: 3 | Ages: 8-11

Ideal for children who read long-vowel, 5- and 6-letter words fluently but could still benefit from practice with more complex chapter books.

Days Per Week: 4-DAY or 5-DAY

As low as **$132.89**

Learn more at *sonlight.com/grade-3-readers*

GRADE 4 READERS

Grade: 4 | Ages: 9-12

Chapter books for the precocious reader, or an older student doing Sonlight C with younger siblings.

Days Per Week: 4-DAY or 5-DAY

As low as **$162.80**

Learn more at *sonlight.com/grade-4-readers*

GRADE 5 READERS

Grades: 5 | Ages: 10-12

Features books at a fifth grade reading level. Select this for an older student using Sonlight C or B+C with a younger sibling.

Days Per Week: 4-DAY or 5-DAY

As low as **$123.84**

Learn more at *sonlight.com/grade-5-readers*

"A friend recommended Sonlight to us and it sounded like a perfect fit. It certainly has been! I love all of the books chosen each year and can't wait until next year!" exclaims Krista T of Titusville, FL. Pictured: Alex (9) with his reading book stack from this year. The T kids love to dress up, love adventure, and love reading! This was a fun role play creation of all three of those combined.

SONLIGHT PHONICS

Included in the All-Subjects Package. Or add language arts to your HBL program to get phonics instruction. Also available as a stand-alone product. Available in 4- or 5-Day.

LANGUAGE ARTS PROGRAMS

Help Your Children Become Excellent Writers

When your children were young, you taught them to speak as you spoke to them. In the same way, children learn to write by learning from good models of writing and trying out those models for themselves. We call this the natural approach to language arts.

Sonlight Language Arts programs flow from this principle. Each program guides your children through well-paced writing activities based on the Readers they're already enjoying in their HBL program. As your children grow, these activities will guide them through writing their first sentences, simple paragraphs, and stories, until they're eventually writing gripping creative works and compelling scholarly papers.

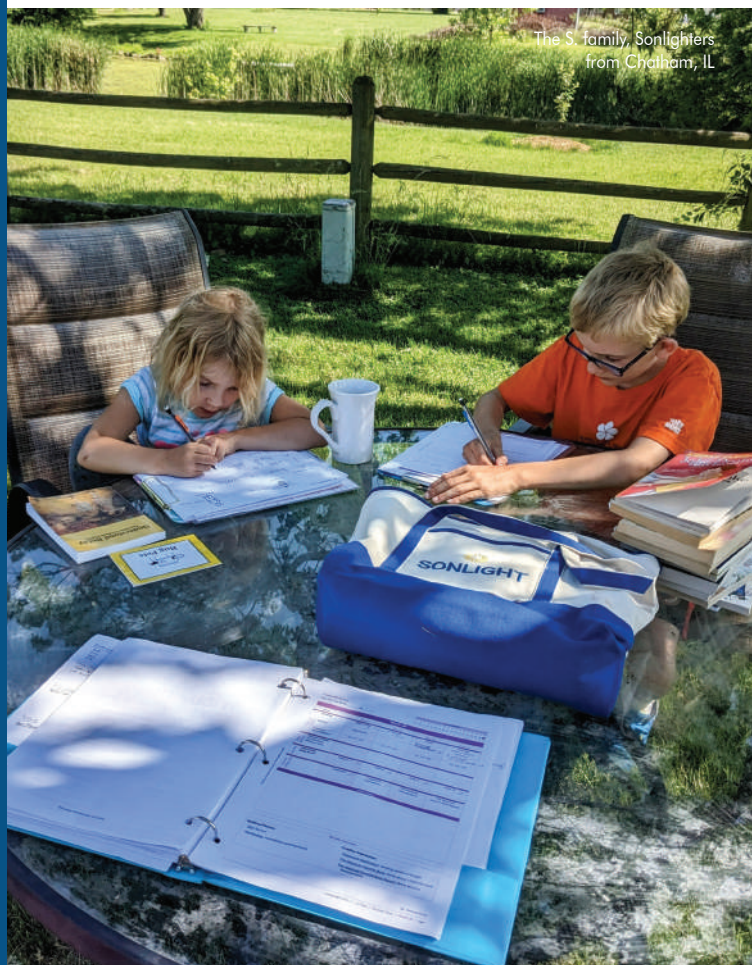
A BEGINNER'S BLUEPRINT TO LANGUAGE ARTS

Inside this FREE, no-stress guide to teaching Language Arts you will find detailed information and teaching tips on all these skills:

- ✓ Vocabulary
- ✓ Reading
- ✓ Handwriting
- ✓ Spelling
- ✓ Grammar
- ✓ Copywork and Dictation
- ✓ Public Speaking
- ✓ Creative Writing

Download free at *sonlight.com/blueprint*

The C. family, Sonlighters from Bentonville, AR



The S. family, Sonlighters from Chatham, IL

Learn to write naturally from excellent models

"Workbooks don't really teach children how to write effectively," says Dr. Ruth Beechick, homeschool expert. Instead, students learn to write well as they:

- Listen to good writing
- Look at good writing
- Copy good writing, and then
- Write on their own.

"Benjamin Franklin taught himself to write this way," explains Dr. Beechick. "He outlined essays he admired, put them aside for a few days, and later tried to rewrite the original article by following his outline. He compared his writing with the model to see where he fell short. Then he tried another, improving his writing all the while."

With Sonlight Language Arts, your students will practice natural learning exercises like these. And practice is key!

Students write a little every day

Writing lessons come from the books your children read throughout the year. As a result, your children remember and comprehend more.

Their creative writing lessons apply Dr. Beechick's "natural learning method," where children learn by discovery. They observe, analyze, and then seek to emulate what they have seen a master wordsmith do before them.

- Students practice copywork and dictation to absorb critical writing skills from excellent writers.
- Students learn grammar gradually, in the context of daily copywork. Sonlight also uses natural language-oriented student Activity Sheets to provide additional instruction in grammar.
- Students learn writing mechanics—from similes to diction to organization—as they build on each day's practice.
- Students explore creative writing with tools like story-starter pictures and journals.
- Students write about what they learn in history, science, and literature.

Grow writing skills

Students encounter spelling words tied to phonics in Sonlight Language Arts K through Level 4. In upper elementary grades, they continue to build vocabulary with words from their books. They reinforce correct spelling through one of the spelling programs we offer: *All About Spelling* or *Spelling You See* (see p. 81).

In Sonlight D, your children make a smooth transition from the basic mechanics of writing to more in-depth independent writing.

In Sonlight E-J, young writers draft a wide variety of papers, edit their work, and learn to research. Writing assignments range from personal letters and stories to advertisements and news items.

In every assignment, you'll find plenty of examples to follow from the books your students read. These are the good models they learn to emulate. In time, they grow from these examples.

Discover what makes great writing truly great

As your students grow in understanding, they move from basic writing to analysis. Students in high school continue to write creative papers similar to their work in Sonlight E-J, but at a higher level. They also analyze and write about the books they read, including such concepts as plot, characterization, mood, & setting.

New and experienced Sonlighters alike find the natural method to be an appealing way to learn to write well. View all Sonlight Language Arts programs on the following pages or visit *sonlight.com/language-arts*

"When my daughter Ellis (10) wrote a persuasive letter as part of her Language Arts 3 creative writing assignment, she was attempting to get a neighborhood covenant changed!" crows her mother Jessica of Bentonville, AR. "Sonlight's age ranges (rather than grade-level assignments) allow me to truly hone in on each of my children's abilities and teach them with materials and assignments that meet their needs right now and help them to be successful. And that, of course, helps to foster a love of learning." The Cs have been Sonlighting for five years with Ellis' older brother Justus, and five years with Ellis.

LANGUAGE ARTS J

Grades: 8-10 | Ages: 13-15

Perfect bridge between middle school and high school. Creative writing suggestions from the books your student reads, book analysis, and SAT practice assignments. Clear instructions for all assignments, and rubrics to aid in evaluating your students' work.

Days Per Week: 5-DAY | **$59.00**

Learn more at *sonlight.com/language-arts-j*

"As we near the end of our first homeschool year, our hearts are filled with gratitude. What a blessing to have the opportunity to use Sonlight, for we have witnessed the profound impact it has had on our family. When our homeschool journey began, our boy was very reluctant to write. A few short weeks into Sonlight's Language Arts program, he has made so much progress. He now looks forward to using his imagination to create his own stories. Sonlight has empowered us to provide the best education possible," shares Erika S. of Summerville, SC.

*Consumable: Products you will use up. You may want one for each student.
**Readers are included in HBL and ASP packages. Purchase separately if ordering only a language arts package.

LITERATURE/ LANGUAGE ARTS

130: American Historical Literature

Grades: 8-10 | Ages: 13-15

Literature takes students on a roughly chronological journey through American History. Language Arts builds on past years to develop literary analysis, creative writing, research, and essay skills. **Includes literature and Parent and Student Guides.**

$465.72

Learn more at *sonlight.com/language-arts-130*

LITERATURE/ LANGUAGE ARTS

230: Classical Literature

Grades: 9-11 | Ages: 14-17

Literature set mostly chronologically through history, mostly by British authors, you'll travel from first-century Israel to World War II and beyond. Language Arts builds on past years to develop literary analysis, creative writing, research, and essay skills. **Includes literature and Parent and Student Guides.**

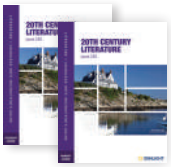
$409.61

Learn more at *sonlight.com/language-arts-230*

LITERATURE/ LANGUAGE ARTS

330: 20th Century World Literature

Grades: 10-12 | Ages: 16-18



Literature course is a powerful, beautiful collection from the incredible 20th century. Language Arts builds on past years to develop literary analysis, creative writing, research, and essay skills. **Includes literature and Parent and Student Guides.**

$430.67

Learn more at *sonlight.com/language-arts-330*

LITERATURE/ LANGUAGE ARTS

430: American Literature

Grades: 11-12 | Ages: 17-18

Literature includes a balanced mix of books from American Literature. Language Arts includes literary analysis. Also short daily writing assignments working through Zinsser's *On Writing Well*. **Includes literature and Parent and Student Guides.**

$544.78

Learn more at *sonlight.com/language-arts-430*

LITERATURE/ LANGUAGE ARTS

530: World Literature

Grades: 11-12 | Ages: 17-18

Literature explores how writers have repeated themes over 4000 years and six continents. Language Arts builds on past years to develop literary analysis, creative writing, research, and essay skills. **Includes literature and Parent and Student Guides.**

$448.26

Learn more at *sonlight.com/language-arts-530*

LITERATURE/ LANGUAGE ARTS

630: British Literature

Grades: 11-12 | Ages: 17-18

A largely self-guided course, students evaluate beauty and literature from an academic perspective and biblical worldview. Language Arts includes instruction for writing college-level academic compositions. **Includes literature and Parent and Student Guides.**

$569.60

Learn more at *sonlight.com/language-arts-630*

"We switched to Sonlight halfway through our homeschool journey, but I wish we had started with it. Within a few months of our switch, my girls' writing skills improved dramatically. Since then, the language arts program has kept them on a natural progression of improving their writing skills so I know they will be college ready when the time comes. The books have been incredible, too. I wish I had read these books as a child and found that even my middle daughter who didn't like reading very much, loves these books and even re-reads them. The books have contributed to my girls' understanding of the world and their compassion for others in ways I didn't know a curriculum could, leading to discussions of the living conditions of not only historical times, but also of those living in other countries of the world today. The bonus is that the planning is now so much easier for me, leaving me time to really enjoy our other hours of the day together instead of spending it planning the next day, like I was before we switched," reports Katherine A of Las Cruces, NM.

NEW!

SONLIGHT LANGUAGE ARTS MENTOR PROGRAM (LAMP)

Students enrolled in a Sonlight Language Arts online course can now get extra language arts support from a licensed instructor!

Sonlight's LAMP program is tailored for students seeking personalized guidance and support on their language arts writing assignments. Our experienced LAMP mentor provides one-on-one support to nurture grammar and mechanics, writing proficiency, and critical thinking skills. With Sonlight LAMP you will receive:

1. **Personalized Guidance**: Our mentor provides tutoring and feedback specific to your child's unique learning style, ensuring a customized and effective experience.
2. **Builds Confidence**: Watch your child's confidence soar as they master language arts skills, becoming articulate communicators and skilled writers.
3. **Comprehensive Assessment**: From grammar and vocabulary to creative writing and literary analysis, our LAMP instructor mentors your student in all facets of language arts.

Available as an add-on to Literature/Language Arts Online Courses:

American Historical Literature (Level 130)	Classical Literature (Level 230)
20th Century World Literature (Level 330)	American Literature (Level 430)

SONLIGHT LAMP

LANGUAGE ARTS RESOURCES

If you find your children need additional practice, prefer a workbook program, or you'd like to supplement Sonlight's natural language-learning approach, we offer a number of optional resources and supplements.

PHONICS

sonlight.com/phonics

EXPLODE THE CODE

Kids love *Explode the Code* workbooks! The activities are illustrated with simple line drawings and help students with phonological awareness, decoding, vocabulary, comprehension, fluency, and even spelling.

Scheduled as optional in Language Arts K, 1, and 2.

- ☐ **Explode the Code A, B, C set** **$50.66**
- ☐ **Explode the Code 1, 2, 3 set** **$38.67**
- ☐ **Explode the Code 4, 5, 6 set** **$38.67**

Visit *sonlight.com/explode-the-code* for additional levels, consumables, and options.

MCP PHONICS

Supplement Sonlight's natural language-learning approach with this additional phonics instruction. With clear, easy-to-read directions and multiple teaching approaches.

Scheduled as optional in Language Arts 3 and 4.

- ☐ **MCP Phonics Level C** *(Consumable)* **$28.50**
- ☐ **MCP Phonics Level D** *(Consumable)* **$41.50**

Visit *sonlight.com/mcp* for additional options.

SOUND CARDS

Fun animals represent each letter's sound. Designed to help your student's letter/word acquisition and comprehension and grab their imaginations! Full-color, sturdier version of the Sound Cards included in Language Arts for Grade K Readers Instructor's Guide.

- ☐ **Sound Cards** **$7.99**

"We are a second generation Sonlight family so it was an easy choice. I have such fond memories. It fostered such a lifelong love of reading, and I wanted that for my girls too. We have loved the book adventures together and have found some wonderful sequels and authors to carry on with some of our favorite characters! I hope they will look back and cherish these stories and the shared experiences!" confesses Yasmin A of Staunton, VA. Genevieve (6) and Eva (9) love working outside when they can! Because of homeschooling, they have enjoyed teaching and helping each other.

SONLIGHT PHONICS

Included in the All-Subjects Package. Or add language arts to your HBL program to get phonics instruction. Also available as a stand-alone product. Available in 4- or 5-Day.

PHONICS K Grade K Readers with Language Arts K
☐ 4-Day **$101.99** ☐ 5-Day **$101.99**

PHONICS 1 Grade 1 Readers with Language Arts 1
☐ 4-Day **$185.94** ☐ 5-Day **$197.92**

PHONICS 2 Grade 2 Readers with Language Arts 2
☐ 4-Day **$134.89** ☐ 5-Day **$172.82**

PHONICS 3 Grade 3 Readers with Language Arts 3
☐ 4-Day **$176.89** ☐ 5-Day **$201.85**

PHONICS 4 Grade 4 Readers with Language Arts 4
☐ 4-Day **$206.80** ☐ 5-Day **$237.76**

Visit *sonlight.com/phonics* to learn more.

GRAMMAR

sonlight.com/grammar

GRAMMAR ACE

All the practical grammar your 4th-7th grader needs, in one set-your-own-pace consumable workbook. The Instructor's Manual is packed with examples, answers, and other teaching help. Scheduled as optional in Language Arts D.

- ☐ **Grammar Ace Package with DVD** — **$49.99**
- ☐ **Grammar Ace Instructor's Manual** — **$18.00**
- ☐ **Schoolhouse Rock (DVD)** — **$19.99**
- ☐ **The Grammar Ace Student Workbook*** *(Consumable)* — **$12.00**

Visit *sonlight.com/grammar-ace* for additional consumables & options.

GRAMMAR 5

Help students gain mastery of grammatical concepts and build writing skills through 72 self-directed lessons. Scheduled as optional in Language Arts E and D+E.

- ☐ **Grammar 5 set** — **$36.00**
- ☐ **Grammar 5 Activity Sheets*** *(Consumable)* — **$18.00**

GRAMMAR 6

Students gain mastery of grammatical concepts and build writing skills with these 72 self-directed lessons.

Scheduled as optional in Language Arts F.

- ☐ **Grammar 6 set** — **$36.00**
- ☐ **Grammar 6 Activity Sheets*** *(Consumable)* — **$18.00**

Visit *sonlight.com/grammar* for additional consumables and options.

KEYS TO GOOD LANGUAGE

Build students' competency in grammar, usage, mechanics, and composition using content from across the curriculum: literature, science, health, hobbies, and history/geography.

- ☐ **Keys to Good Language 5** — **$50.48**
- ☐ **Workbook Grade 5*** *(Consumable)* — **$21.99**
- ☐ **Test Booklet Grade 5** *(Consumable)* — **$5.50**
- ☐ **Keys to Good Language 6** — **$50.48**
- ☐ **Workbook Grade 6*** *(Consumable)* — **$21.99**
- ☐ **Test Booklet Grade 6*** *(Consumable)* — **$5.50**

Visit *sonlight.com/keys* for additional options.

WINSTON GRAMMAR

Winston Grammar Basic uses manipulatives-based teaching methods to cover all the parts of speech, noun functions, prepositional phrases, and principles of modification. It provides an excellent introduction to sentence diagramming.

- ☐ **Winston Grammar Basic (Consumable)** — **$44.00**
- ☐ **Winston Grammar Advanced (Consumable)** — **$44.00**

Visit *sonlight.com/winston-grammar* for additional options.

SPELLING

sonlight.com/spelling

ALL ABOUT SPELLING

Brings together the three pathways to learning: hearing, seeing, and touching. This multisensory approach, combined with a built-in review system and reinforcement activities, ensures students retain and apply what they learn.

If you're just beginning to teach your children spelling and want a program that appeals to a variety of learning styles, or if your children need remedial help, this customizable program could be an excellent fit. Step-by-step lessons (mastery-based, not grade-level based) build on one another in a sequence that has been carefully tested to produce long-term results.

- ☐ **Basic Interactive Kit** — **$24.95**
- ☐ **Level 1 Teacher's Manual & Student Packet** — **$36.95**
- ☐ **Level 2 Teacher's Manual & Student Packet** — **$47.95**
- ☐ **Level 3 Teacher's Manual & Student Packet** — **$47.95**
- ☐ **Spelling Review Box** — **$15.95**

Visit *sonlight.com/all-about-spelling* for consumables and additional options.

SPELLING YOU SEE

Develop confident, competent spellers, with no rote memorization, no tests, and no tears! *Spelling You See* is a natural, easy way to learn (and teach) spelling. The research-backed method follows the five developmental stages learners go through on the way to spelling mastery. Short daily activities—using fun, engaging, and meaningful stories—combine dictation, copywork, reading, speaking, and listening. Over time, the repetitive process imprints letter patterns and words in visual memory, supports long-term retention, and equips children to spell words correctly in everyday writing.

A skills-based program (i.e., there are no grade levels), students proceed at their own pace as they master concepts. Please order one per student. *(Consumable)*

- ☐ **A: Listen and Write** — **$45.00**
- ☐ **B: Jack & Jill** — **$58.00**
- ☐ **C: Wild Tales** — **$58.00**
- ☐ **D: Americana** — **$58.00**
- ☐ **E: American Spirit** — **$58.00**
- ☐ **F: Ancient Achievements** — **$58.00**
- ☐ **G: Modern Milestones** — **$58.00**

Visit *sonlight.com/spellingyousee* for consumables and additional options.

*Teaching Multiple students? Add extra Activity Sheets, workbooks, and consumables—one for each child, per year.

VOCABULARY

sonlight.com/vocabulary

WORDLY WISE

Students learn hundreds of new words while they build reading, writing, and thinking skills. Students make these words their own as they read the words in context, use the definitions in different situations, and answer comprehension questions using complete sentences.

Scheduled as optional in Sonlight Language Arts Guides, levels 2 through 300.

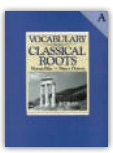
- ☐ **Wordly Wise A** *(Consumable)* **$14.35**
- ☐ **Wordly Wise B** *(Consumable)* **$14.35**
- ☐ **Wordly Wise C** *(Consumable)* **$14.35**
- ☐ **Workbook 3000 Book 2 & Teacher's Key** **$26.78**
- ☐ **Workbook 3000 Book 3 & Teacher's Key** **$26.78**
- ☐ **Workbook 3000 Book 4 & Teacher's Key** **$26.78**
- ☐ **Workbook 3000 Book 5 & Teacher's Key** **$26.78**
- ☐ **Workbook 3000 Book 6 & Teacher's Key** **$26.78**
- ☐ **Workbook 3000 Book 7 & Teacher's Key** **$26.78**
- ☐ **Workbook 3000 Book 8 & Teacher's Key** **$26.78**
- ☐ **Workbook 3000 Book 9 & Teacher's Key** **$26.78**
- ☐ **Workbook 3000 Book 10 &Teacher's Key** **$26.78**

These Workbooks are not scheduled in any IG.

- ☐ **Workbook 3000 Book 11 & Teacher's Key** **$28.48**
- ☐ **Workbook 3000 Book 12 & Teacher's Key** **$28.48**

Visit *sonlight.com/wordly-wise* for additional consumables and options.

VOCABULARY FROM CLASSICAL ROOTS



These books teach modern English words based on their Latin and Greek roots. By learning the roots, one learns much about the meanings of whole families of English words. Helpful for life and the SAT test.

Scheduled in Language Arts J

- ☐ **Classical Roots Level A** *(Consumable)* **$54.28**
- ☐ **Test Booklet A**** **$7.99**

Scheduled in Literature 130

- ☐ **Classical Roots Level B** *(Consumable)* **$54.28**
- ☐ **Test Booklet B**** **$7.99**

Scheduled in Literature 230

- ☐ **Classical Roots Level C** *(Consumable)* **$54.28**
- ☐ **Test Booklet C**** **$7.99**

Scheduled in Literature 330

- ☐ **Classical Roots Level D** *(Consumable)* **$55.98**
- ☐ **Test booklet D**** **$7.99**

Visit *sonlight.com/classical-roots* for additional consumables and options.

**Recommended but not included.

WRITING TOOLS

sonlight.com/writing-tools

DIAMOND NOTES

This effective and enjoyable creative writing program helps your students conquer fear of the blank page. With gentle, practical, step-by-step guidance, they learn to organize their thoughts and express themselves clearly on paper.

Take them from grouping ideas to writing complete paragraphs in just five units filled with teaching help and examples.
Note: Scheduled in Language Arts 3.

- ☐ **Diamond Notes** **$14.00**

RESEARCH PAPER PACKET

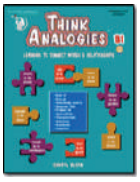
The Research Paper Packet includes what your children will need to know to research for and write a solid research or position paper. Note: Included in LA D+E through 530.

- ☐ **Research Paper Packet** **$8.00**

COMMUNICATION

sonlight.com/communication

ANALOGIES



Analogies are the heart of beautiful prose and are at the root of good communication. Find an appropriate analogy and you have half-won the argument and definitely won your audience's attention. If you can't think analogically, or tell the difference between good and bad analogies, you may be condemned to poor communication and muddled thinking. Includes teaching, strategies, and practice solving analogical puzzles.

- ☐ **Think Analogies® B1** **$12.99**

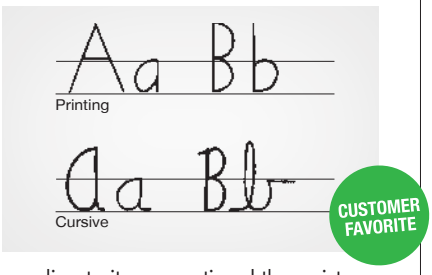
Visit *sonlight.com/analogies* for additional consumables and options.

HANDWRITING PROGRAMS

Choose from three outstanding options.
sonlight.com/handwriting

HANDWRITING WITHOUT TEARS

Developmentally Oriented



According to its occupational therapist developer, this is the only developmentally-based program on the market, which means it pays particular attention to the needs of children who are learning to write. It offers basic exercises in figure-ground discrimination and top-to-bottom, left-to-right sequencing.

With letter formation, it begins with capitals because, unlike lowercase letters (p, q, b and d, for example), uppercase letters are easy to distinguish. Kids don't mix them up. You'll note that cursive letters are formed in an upright rather than slanted position.

The program is especially helpful if your children have significant learning challenges and physical limitations. Parents also say it's easy to use with left-handed writers.

Scheduled as recommended in Sonlight Language Arts K-D

Level K (ages 5-7) **$87.28**
Includes: Letter & Numbers for Me Workbook | Slate Chalkboard w/ Chalk & Sponge | 5/8" ruled paper, 2-line | Capital letter wood pieces | Mat for wood pieces

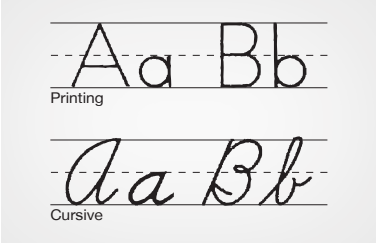
Level 1 (ages 6-8) **$28.28**
Includes: My Printing Book | 5/8" ruled paper, 2-line | Print Alphabet Desk Strips

Level 2 (ages 7-9) **$24.29**
Includes: Printing Power | 3/8" ruled paper, 2-line

Level 3 (ages 8-10) **$28.28**
Includes: Cursive Handwriting | Cursive Alphabet Desk Strips | 3/8" ruled paper, 2-line

A REASON FOR HANDWRITING

Traditional, Scripture Focused



This program uses daily practice drills focused on verses from Scripture, as presented in the Living Bible paraphrase.

It follows the traditional "ball-and-stick" style of print, along with standard cursive. Fancy border sheets help motivate young writers to think of the public nature of their work and improve their skills for a beautiful presentation.

Caveat: Students may find that different letter formations for cursive (vs. manuscript) are initially confusing.

Level K (ages 5-7) **$67.89**
Includes: Instruction Guidebook | Workbook K (approx. K) | K Handwriting Supplies Kit | 1" ruled paper, 3-line

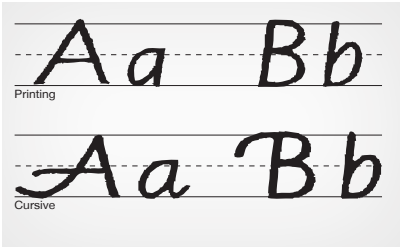
Level 1 (ages 6-8) **$67.89**
Includes: Instruction Guidebook | Manuscript A | 5/8" ruled paper, 3-line

Level 2 (ages 7-9) **$61.89**
Includes: Instruction Guidebook | Transition | 5/8" ruled paper, 3-line

Level 3 (ages 8-10) **$61.89**
Includes: Instruction Guidebook | Cursive C | 1/2" ruled paper, 3-line

GETTY-DUBAY

Innovative Italic Handwriting



This Portland University program has won its share of accolades. Sarita added it to the product line when one of her sons, whose handwriting was atrocious, began making noticeable strides from the first day.

Its cursive characters are almost identical to its print characters, so the transition from print to cursive is easy. The attractive text is similar to calligraphy. (A student won a national writing contest with this style.)

Caveat: Because schools don't use the nonstandard italic method, some children may not initially recognize copy written in a more traditional cursive.

Level K (ages 5-7) **$49.89**
Includes: Instruction Manual | Basic Italic A (approx. K) | K Handwriting Supplies Kit | 1" ruled paper, 3-line

Level 1 (ages 6-8) **$43.89**
Includes: Instruction Manual | Basic Italic B | 1" ruled paper 3-line

Level 2 (ages 7-9) **$43.89**
Includes: Instruction Manual | Basic and Cursive C | 5/8" ruled paper, 3-line

Level 3 (ages 8-10) **$44.65**
Includes: Instruction Manual | Basic and Cursive D | 1/2" ruled paper, 3-line

SCIENCE PROGRAMS

Great Books + Engaging Activities + Hands-on Experiments = Sonlight Science

Sonlight offers complete and easy-to-use hands-on science programs from kindergarten to college-level lab sciences. Each program includes an Instructor's Guide, a collection of great books, and hands-on experiments.

Sonlight Science covers the full spectrum of science studies—from earth, space, life, health, physical, electrical, and technological science, to college-level lab sciences (chemistry, physics, biology and more). Your children will learn these subjects in greater depth as they circle back through each topic over the years.

Sonlight Science will inspire you and your children to love science!

Sonlight science lays a firm foundation of scientific understanding as it builds on, and fosters, your children's natural curiosity about how the world works. Delight your children with the wonders of Science, Technology, Engineering, and Math (STEM).

See what's included in Sonlight Science on this page or visit *sonlight.com/science* to learn more. Browse each program on pp. 84-94.

1

INSTRUCTOR'S GUIDE (IG)

Each Sonlight science program is anchored by an Instructor's Guide. The IG provides the structure for your entire year, with everything clearly laid out. No need to create your own lesson plans.

The IG provides the framework for what books to read and when, what experiments to do, and what videos to watch. The IG also includes question prompts, explanations, hands-on activities (beyond the experiments), and additional notes to enhance the reading and reinforce what your students are learning.

Each IG includes a list of what supplies you will need both for the current week and the week to come. (Need to save a milk carton for next week? Now you know!) Instructor's Guides in levels K-J also include Activity Sheets filled with questions and simple activities, charts, illustrations, and pictures to help your children remember what they've learned. Teaching multiple students? You can purchase an extra set of Activity Sheets for each student (or if you plan to reuse the program with a younger student later on).

2

A COLLECTION OF GREAT BOOKS

Each science program comes with gorgeously illustrated books that captivate students and entice them to read more. Your children will not only learn the facts of science, but also gain a love of discovery and get to know key scientists. These books become valued references for years to come.

3 A HIGHLY EFFECTIVE COMBINATION

Sonlight Levels K-F combine Sonlight's signature literature-based style of learning with the standards-based approach of learning through application.

Every week, your students will engage in an experiment *directly tied* to the rest of the content they study in their scheduled reading.

The literature provides the context, while the experiments take your student through the critical thinking process of making a prediction, testing, and analyzing. This highly effective combination allows your children to experience the scientific process for themselves!

4 HANDS-ON EXPERIMENTS

There is no better way to delight your kids with the wonder of science (and reinforce lessons!) than by experiencing it firsthand through hands-on activities and experiments. With Sonlight Science, your students will conduct simple, engaging, hands-on experiments and activities, all while reinforcing the concepts learned in your reading.

Sonlight Science levels K-F now include *Discover & Do: Science Experiments*. With *Discover & Do*, children will not just memorize the steps of the scientific process. Rather, they will conduct simple, engaging, hands-on experiments at home and actually *use* the scientific method to explore their world in an enjoyable and interactive way.

Each experiment ties *directly* to that week's reading material for a more linear progression from reading to doing. Your weekly experiments reinforce and apply the concepts studied in the days previous so you can plainly see your children developing mastery of particular science concepts.

Most of the experiments in Sonlight's Science Programs can be done with common household items, but to minimize prep time, we've created a Science Supplies Kit that includes many of the supplies, templates, and worksheets you need to conduct each experiment. The supply kits include those things you probably don't have lying around the house–everything from marbles and magnets to seeds, straws, and more. Minimal prep time!

Additionally, Sonlight Science levels K, A and B include the all new *Discover & Do: Science Experiment Videos*. These videos provide reinforcement of the concepts observed during the experiment and heard in the weekly reading passages. The highly entertaining videos reenact *all* of the experiments your students perform, providing review, additional factoids, and excitement to truly enhance your entire science experience. *Stay tuned for new videos in additional levels!*

With Sonlight Science, your children learn by first *reading* about and then by actually *doing* the science!

5 NEXT GENERATION SCIENCE STANDARDS (NGSS)

Levels K-F now adhere to the Next Generation Science Standards (NGSS). Our classic model of learning by reading, discussing, and doing is combined with these research-based science standards.[1] **Now you have even *more* assurance that Sonlight Science provides an outstanding science education — at home.**

LEARN MORE ABOUT SONLIGHT SCIENCE PACKAGES
sonlight.com/science

SCIENCE K

Ecosystems, Meteorology, Physics, and Engineering Design

Grades: K-2 | Ages: 5-7

From the heat of the sun to the eyes of an insect, Science K nurtures children's natural curiosity and provides daily opportunities to explore the world around them. Children will use real scientific skills and practices as they explore rainforests and encounter reptiles, insects, plants, and more. Science K includes a high-level introduction to forces, matter, and other STEM topics that will prepare students for a lifetime of scientific curiosity, learning, and application.

Weekly experiments tie *directly* to the week's reading material for a more linear progression from reading to doing. These weekly experiments reinforce and apply the concepts studied in the days previous so you can plainly see your child's developing mastery of particular science concepts.

The *Discover & Do: Kindergarten Science Experiment Videos* reenact all 36 experiments your students will perform, and provide reinforcement of the concepts observed during the experiment.

Wangari Maathai is the highlighted scientist.

SCIENCE K

Days Per Week: 4-DAY or 5-DAY

As low as **$314.89**

Learn more at *sonlight.com/science-k*

SCIENCE A

Light and Sound Waves, Biological Features, Space Systems, and Engineering Design

Grades: 1-3 | Ages: 6-8

From the Solar System to human body systems, *Science A* nurtures children's natural curiosity and provides daily opportunities to explore the world around them. They will use scientific skills and practices as they explore our natural earth: from weather, geology, natural habitats, and animal life to what makes us ill and why we eat. *Science A* includes a high-level introduction to light and sound waves and other STEM topics that will prepare students for a lifetime of scientific curiosity, learning, and application.

Weekly science experiments tie *directly* to the week's reading material for a more linear progression from reading to doing. The experiments reinforce and apply concepts studied so you can plainly see your child's developing mastery of particular science concepts.

Discover & Do: Experiment Videos reenact all 36 experiments your students will perform, and provide reinforcement of the concepts observed during the experiment.

Louis Pasteur is the highlighted scientist.

SCIENCE A

Days Per Week: 4-DAY or 5-DAY

As low as **$250.93**

"At the end of the year last year, I asked my 8 year old son, Nolan, what he wished we did more of. His response, without hesitation: "More experiments." Enter Sonlight's science curriculum. These days, my kitchen is a lab. Measuring cups are caked in mud, butter knives are coated in clay, and I'm not even mad about it. Nolan LOVES science, and so do I. How fun that we can incorporate it as much as we want! These experiments are fun, engaging, and doable. Thank you, Sonlight, for making experiments easily accessible and organized for us, while also not letting us off the hook, making things TOO easy and helping us go even deeper with science. I love it! My son loves it. That's all I could ask for," recounts Meagan D. of Fernandina Beach, FL.

SCIENCE B

Matter, Ecosystems, Earth Systems, and Engineering Design

Grades: 2-4 | Ages: 7-9

From the rock cycle to elements on the periodic table, *Science B* nurtures children's natural curiosity and provides daily opportunities to explore the world around them. They will use real scientific skills and practices as they unearth plants, observe animals, excavate rocks, explore the features of solids, liquids, gases, and more. *Science B* includes a high-level introduction to coding and how things are made and other STEM topics that will prepare students for a lifetime of scientific curiosity, learning, and application.

Weekly science experiments tie *directly* to the week's reading material for a more linear progression from reading to doing. Experiments reinforce and apply the concepts studied so you can plainly see your child's developing mastery of particular science concepts.

Discover & Do Experiment Videos reenact all 36 experiments your students will perform, and provide reinforcement of the concepts observed during the experiment.

Marie Curie is the highlighted scientist.

SCIENCE B

Days Per Week: 4-DAY or 5-DAY

SCIENCE C

Forces and Interactions, Life Systems & Cycles, Weather & Climate, and Engineering Design

Grades: 3-5 | Ages: 8-10

From electricity and magnetism to ecosystems, *Science C* nurtures children's natural curiosity and provides daily opportunities to explore the world around them. They will use real scientific skills and practices as they explore living things, ecosystems, chemistry, meteorology, fossils, seas, and oceans. *Science C* includes a high-level introduction to robots, inventions and other STEM topics that will prepare students for a lifetime of scientific curiosity, learning, and application.

Weekly experiments tie *directly* to the week's reading material for a more linear progression from reading to doing. Experiments reinforce and apply the concepts studied in the days previous so you can plainly see your child's developing mastery of particular science concepts.

Nikola Tesla is the highlighted scientist.

"Sadie-Grace (9) and her daddy are completing a beautiful diagram of how water flows through different terrains. Even after a long week of work, Dad, aka Mr. Science, is excited to walk through each experiment with her, creating a deep understanding for the world around us and growing a bond that will last a lifetime," observes Emily M. of Sheridan, IN.

SCIENCE D

Energy, Waves, Biological Systems, Earth Systems, and Engineering Design

Grades: 4-7 | Ages: 9-12

From powerful storms to energy waves, *Science D* nurtures children's natural curiosity and provides daily opportunities to explore the world around them. They will use real scientific skills and practices as they explore living creatures, power, wavelength, frequency, and more. *Science D* includes a comprehensive introduction to engineering and other STEM topics that will prepare students for a lifetime of scientific curiosity, learning, and application.

Weekly experiments tie *directly* to the week's reading material for a more linear progression from reading to doing. These experiments reinforce and apply the concepts studied in the days previous so you can plainly see your child's developing mastery of particular science concepts.

Hedy Lamarr is the highlighted scientist.

SCIENCE D

Days Per Week: 4-DAY or 5-DAY

SCIENCE E

Physical Science, Energy in Ecosystems, Earth and Space, and Engineering Design

Grades: 5-8 | Ages: 10-13

From a trip through the stars to the technology that took us there, *Science E* nurtures children's natural curiosity and provides daily opportunities to explore the world around them. They will use real scientific skills and practices as they explore water, our galaxy, ecology, and the flow of energy in an ecosystem. *Science E* includes a comprehensive introduction to technology and engineering and other STEM topics that will prepare students for a lifetime of scientific curiosity, learning, and application.

Weekly experiments tie directly to the week's reading material for a more linear progression from reading to doing. These experiments reinforce and apply the concepts studied in the days previous so you can plainly see your child's developing mastery of particular science concepts.

Rachel Carson is the highlighted scientist.

SONLIGHT ULTRA MICROSCOPE

Make science come alive with the highest quality student microscope at an unbeatable price!

sonlight.com/microscope

SCIENCE F

Life Science

Grades: 6-9 | Ages: 11-14

From the smallest elements viewed through a microscope to the diverse systems in the world's ecology, *Science F* nurtures children's natural curiosity and provides daily opportunities to explore the world around them. They will use real scientific skills and practices as they explore cells, organ systems, genetics, and ecology. *Science F* includes a comprehensive introduction to technology and engineering and other STEM topics that will prepare students for a lifetime of scientific curiosity, learning, and application.

Weekly experiments tie directly to the week's reading material for a more linear progression from reading to doing. Experiments reinforce and apply the concepts studied in the days previous so you can plainly see your child's developing mastery of particular science concepts.

Antony van Leeuwenhoek is the highlighted scientist.

SCIENCE G

Geology, Physics, & Origins

Grades: 7-9 | Ages: 12-14

In Science G, students investigate chemistry, physics, and biology, and enjoy chemistry experiments. Students also explore Earth science, evolution, and intelligent design.

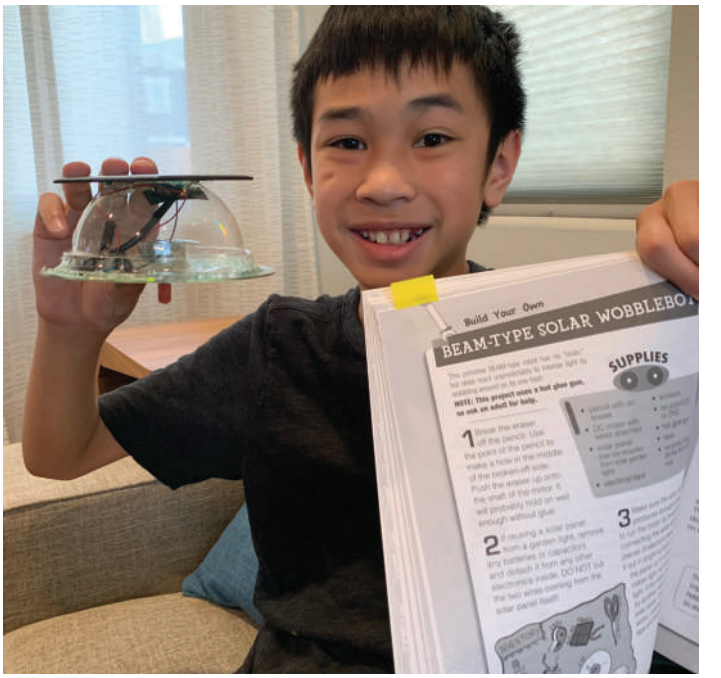
SCIENCE G

Days Per Week: 4-DAY or 5-DAY

As low as **$225.87**

Learn more at *sonlight.com/science-g*

"We've been using Sonlight Science for three years now, and we love the books that accompany them. Calel (12) looks forward to the books he gets to read and keep, and I appreciate the Instructor's Guide because it makes homeschool planning easier and smoother. I chose Sonlight's Science because I wanted a Christian-centered Science curriculum, one that aligns with our faith and values. Many people separate Science and Christianity, but I want to teach my son that God's creation and science go hand in hand. Without God's creation, science wouldn't exist," explains Joan G of Winters, CA. Calel built this Beam-Type Solar Wobblebot from Science H. They enjoyed seeing this little robot in action!



SCIENCE H

General Science

Grades: 7-9 | Ages: 12-14

Apologia's General Science provides a wonderful overview of the entire range of scientific inquiry and a superb introduction to the world of science. Topics include a brief history of science, the scientific method, astronomy, geology, oceanography, general physics, genetics, classification, marine life, and much more!

SCIENCE H- TECHNOLOGY

Conservation, Robotics, & Technology

Grades: 8-10 | Ages: 13-15

This comprehensive science program will introduce your student to modern science and perhaps pique curiosity into the high demand STEM industry!

Gain a perspective to today's hottest career markets: Robotics, Conservation, Energy, Engineering (dams and canals), and Technology.

This program is filled with projects, experiments, and activity sheets to engage and inspire your student.

SCIENCE J

Physics, Electromagnetism, & Waves

Grades: 8-10 | Ages: 13-15

Bring the astonishing History of Science concepts into your home with the Science J Lab. Developed to coincide with Sonlight's History / Bible / Literature J program, the Science J Lab package includes:

- A full color lab book with concept explanations, illustrated experiment instructions, and comprehensive activity sheets to record the lab findings.
- A materials kit full of components necessary to complete the labs.

This science program provides an excellent foundation for future engineers, architects, mathematicians, physicists, and inventors.

This is not a stand-alone product. It is designed to be used in conjunction with HBL J (see p. 67).

SCIENCE 155

Berean Earth Science

Grades: 8-10 | Ages: 13-15

The 100-level *Discovering Design with Earth Science* covers the general properties of the earth's geosphere, hydrosphere, and atmosphere.

There are roughly 55 hours of laboratory instruction in the course. A kit that contains specific minerals, rocks, and fossils allows students to do very detailed experiments related to the geosphere.

The course includes a textbook, solutions and tests manual, a *Sonlight Earth Science Schedule Plus*, an Earth Science Supplies Kit, Geology Basics Kit, and Geology Testing Kit.

SCIENCE 155

$174.45

Learn more at *sonlight.com/science-155*

"Both Lily (17) and Levi (14) enjoyed Science J the most. We purchased it the year it was published and learned a world of information about science and scientists we would not have known otherwise! That year brought our family closer because our conversations were filled with excitement on scientists we were unfamiliar with, and *String, Straight-edge and Shadow* by Julia E Diggins is still talked about today! They both enjoyed learning all about the formation of the field of Quantum Physics! We will always be so grateful for discovering the beauty and depth of absorbing good literature at home," exclaims Becky S. of Midlothian, TX.

SCIENCE 255

Berean Biology

Grades: 9-11 | Ages 14-17

The 200-level *Discovering Design with Biology* is a laboratory-based high school biology course. It gives the student an introduction to how living organisms are designed, how they interact with one another, and how they interact with their physical environment.

The course consists of 180 hours of instruction, 40 of which involve hands-on experiments.

The course includes a textbook, solutions and tests manual, a *Sonlight Biology Schedule Plus,* Biology Supplies Kit, Microscopy Supplies Kit, and Advanced Dissection Kit with Specimens. A microscope is required for this course. Customize online to include the *Sonlight Ultra Microscope* in your package.

SCIENCE 355

Berean Chemistry

Grades: 10-12 | Ages: 16-18

Discovering Design with Chemistry addresses the theoretical and mathematical basis of chemistry and follows a sequence of learning similar to the biology. Several fascinating experiments boost learning dramatically as they demonstrate universal formulas and concepts such as mass, density, volume, and more.

The course includes textbook, solutions and tests, a *Sonlight Chemistry Schedule Plus*, and a Chemistry Supplies Kit.

Math Prerequisite: Algebra 1

"Isaac (12), Reuben (12), Micah (10) and Anya (6) use the Sonlight microscope to study plant and animal cells. "Anya was learning about plant and animal cells, and her older brothers decided to show her the differences using the Sonlight microscope," says Catriona W of Kampala, Uganda. "I find it very encouraging when they help one another and enjoy celebrating each other's progress."

SCIENCE 450

Physics

Grades: 11-12 | Ages: 17-18

A solid, math-oriented introduction to physics, wonderful for college preparation. *Apologia Exploring Creation With Physics*—supported with solutions and tests, multimedia demonstrations, and experiments—is the program's central learning tool. Learn a variety of physics laws and concepts, vital to those considering the engineering or physics fields—velocity, acceleration, friction, momentum, and more.

The course includes textbook, solutions and tests, a *Sonlight Physics Schedule Plus*, and a Physics Supplies Kit.

Math Prerequisite: Geometry.

"I have used Sonlight from the very beginning with all my kids. I love the way Sonlight exposes my kids to a diversity of authentic life experiences. It constantly points back to how our God has interacted with the unfolding of world events from the beginning of time, right through to the current day. The literature we read reaches to the deepest parts of human experience in a way that stirs authentic empathy. I so much want to guard my kids from developing some kind of myopic view of the world, limited by their own experiences and perspective. Aside from the excellent core curriculum, the material supplied for the other subjects is broadly researched, with the most high quality and accessible learning tools selected," reports Amanda P of Omaha, NE. The girls are learning about separating mixtures using filtration and evaporation. Here, Anna pours our sand/salt/water mixture into a funnel lined with a coffee filter while Lydia looks on. "I love how Sonlight science has had our kids doing experiments and using the scientific method since kindergarten. I also love how the curriculum uses spiral learning — coming back to similar topics year after year, reinforcing learning and adding new layers of understanding. The experiments are such a fun way for quality hands-on learning!"

DISCOVER & DO

There is no better way to delight your kids with the wonders of science (and reinforce lessons!) than by experiencing it firsthand through hands-on activities. **With Discover & Do, your children learn by actually doing the science!**

HOMESCHOOL CURRICULUM YOU AND YOUR KIDS WILL LOVE

Homeschooling parents from all over the globe share similar feedback with us every day. Homeschoolers love Sonlight because it is designed with you and your family in mind.

#sonlight #sonlightstories #sonlightboxday #sonlightstack

★★★★

OPEN-AND-GO STYLE OF TEACHING

"I now feel well prepared with the open-and-go style of teaching. I love the freedom of being able to take it to the kitchen table, to the back yard, or the beach. With all the research and a guarantee like no other, Sonlight has given me the confidence to teach my child with a full, well-rounded curriculum," reports Joan C of Milford, CT. Angel (5) is excited to embark on her new adventure!

★★★★

SONLIGHT STORIES & CHARACTERS

"We have been using Sonlight since my oldest started Kindergarten, and I can honestly say that we get to the end of each year and all agree, 'That was our favorite level yet!' The stories and characters we encounter shape our thinking and impact not only our understanding of the past, but our outlook on the future," reports Kristy P of Medical Lake, WA. Timothy (12) and Kezia (10) planned and set up this Sonlight Stack photo all by themselves. All mom had to do was snap the picture!

★★★★

READ-ALOUDS ARE A FAVORITE

"We love the versatility of home schooling, and how it allows us to move to a new spot when the need arises! We are not stuck behind a tiny desk, nor are we separated all day long. Parker (7) gets to grow up with his little brother Ashton (1) and play with him every day. Ashton gets to learn from his big brother and be a part of the day-to-day activities! I am overjoyed at the love for learning that Sonlight is instilling in both of our boys!" shares Jennifer H of Dunn, NC. "In addition, Parker has fallen in love with reading! The read-alouds are a favorite for spending time together! He looks forward to every new Sonlight book and his reading level has gone up 3 levels in one year!"

★★★★

REAL PEOPLE, REAL PLACES

"We love how with Sonlight, history and the past aren't just dates and names, but real people, real places, and real personalities. The books make history come alive, not only to Malloree, but to us, her parents. We began homeschooling during the pandemic because we were able to really see the learning deficit our daughter was experiencing in public school. Choosing homeschooling with Sonlight helped us not only to make up the deficit, but also to see her excel in all areas of her education. We're so excited for high school!" admits Shellee H of Winter Garden, FL.

MATH PROGRAMS

Complete Programs & Engaging Supplements for K-12

Math should be fun, not frustrating. You can teach confidently with any of Sonlight's carefully vetted math programs—the best on the market!—from elementary math to calculus.

Browse the pages that follow or visit *sonlight.com/math* to choose a math program that suits your style. Then, if your students need a little extra practice, add some of Sonlight's outstanding homeschool math supplements.

Need help to determine the level your student is ready to use this year? Visit *sonlight.com/placement-tests*

One-stop shopping for all of your homeschool math needs!

"I love the flexibility in homeschooling with Sonlight. It allows me to meet my kids wherever they are, whether they're struggling in math or excelling in science. I can customize their education to keep them challenged but not overwhelmed. We recently switched to Math-U-See, and we love it. I plan to start my younger kids with Math-U-See from the beginning," shares Kristy P of Medical Lake, WA.

- ☐ **Math-U-See Calculus** *(Grade 12)* As low as **$149.91**
  Derivatives, integrals, calculus applications, differential equations, and more.

Due to restrictions by the publisher, *Math-U-See* doesn't qualify for Sonlight discounts.

Horizons

HORIZONS MATH

Grades K-6

Designed to help your children understand math from the ground up. The program introduces math properties, truths, and principles one at a time, builds the strength of the student's foundation through practice, and then moves to the next principle.

Learn more at *sonlight.com/horizons*

- ☐ **Horizons K Math Program** **$144.99**
  Beginning math concepts including counting, place values, simple addition and subtraction, and more
- ☐ **Horizons 1 Math Program** **$246.00**
  Counting, addition and subtraction facts 1-18, time, measurement, fractions, shapes, rounding, and more.
- ☐ **Horizons 2 Math Program** **$268.99**
  Carrying and borrowing, money, temperature, area, perimeter and volume, multiplication facts 0-10, and more.
- ☐ **Horizons 3 Math Program** **$246.00**
  Word numbers, Roman numerals, addition with carrying to 4 digits, weight, decimals, division facts 1-10, and more.
- ☐ **Horizons 4 Math Program** **$249.99**
  Fractions to decimals, ratios, reducing fractions, adding and subtracting fractions, angles, circles, and more.
- ☐ **Horizons 5 Math Program** **$235.00**
  Percentages, least common multiples, mean, mode, and median, problem solving, probability, and more.
- ☐ **Horizons 6 Math Program** **$214.00**
  Geometric construction of angles, triangles, squares and other shapes; exposure to integers; addition and subtraction with 2, 3, 4, 5, and 6 digits; addition and subtraction of equations; and more challenging problem solving.

"No early mornings because we have to. No daily commute. No boring textbooks. No bells. No timers. No cramming for exams. Sonlight has helped me teach reading successfully. Sonlight has suggested practical spelling programs and unique math programs I wouldn't have known where to look or who to trust. Sonlight has given us bookshelf upon bookshelf of great, wholesome, trustworthy stories we remember and laugh about together." —Sonlighter, Ruth L.

Singapore Math Inc.

SINGAPORE MATH

Grades K-6

Extremely clear, highly logical and sequential, with a strong focus on "mental math." Students get the right amount of practice without too much repetition. Challenging word problems build thinking skills and students apply math in a variety of situations.

Learn more at *sonlight.com/singapore*

- ☐ **Singapore K Primary Math 2022 Edition** **$75.90**
  Matching & sorting, numbers 0-20, order, shapes, patterns, length & size, weight, capacity, and comparing sets. Introduction to the use of +, -, and =.
- ☐ **Singapore 1 Primary Math 2022 Edition** **$75.90**
  Counting and comparing numbers, addition and subtraction, common shapes, measuring, multiplication, division, halves and quarters, coin values, and more.
- ☐ **Singapore 2 Primary Math 2022 Edition** **$75.90**
  Multiplication, multi-digit addition and subtraction, money, decimal point representation, fractions, and comparisons using <, >, and =, and more.
- ☐ **Singapore 3 Primary Math 2022 Edition** **$75.90**
  Multiply 2-digit, bar models, multi-step problems, borrowing, estimation, mental calculation for addition, subtraction, multiplication, and division, and more.
- ☐ **Singapore 4 Primary Math 2022 Edition** **$75.90**
  Measuring angles, adding and subtracting fractions, area and perimeter, decimals, volume of a cuboid, and more.
- ☐ **Singapore 5 Primary Math 2022 Edition** **$75.90**
  Fraction and division, addition and subtraction of unlike fractions, ratio, finding unknown angles, and more.
- ☐ **Singapore 6 Primary Math 2022 Edition** **$75.90**
  Algebraic expressions, solving percentage problems, circumference, area, pie charts, word problems, and more.

Due to restrictions by the publisher, *Singapore Math* doesn't qualify for Sonlight discounts.

The T. Family, Sonlighters from Wildwood, FL

SAXON MATH

SAXON MATH

Grades K-12

Incremental (little by little) approach to math, introducing a new skill or principle each day, then reviewing these concepts and skills day after day for weeks. This approach helps build students' confidence in their ability to "do" math successfully.

Learn more at *sonlight.com/saxon*

- ☐ **Saxon Math K Program** **$253.10**
  Counting, shape recognition, days, month, year and dates, time to the hour, ordinals, and more.
- ☐ **Saxon Math 1 Program** **$332.55**
  Compare and order numbers, ordinal position to tenth place, patterns, basic addition, subtraction, two-digit numbers, measuring, time, and more.
- ☐ **Saxon Math 2 Program** **$304.55**
  Add and subtract two-digit numbers, multiplication facts to 5, picture and name fractions, identify geometric solids, identify angles, tally, Venn diagrams, and more.
- ☐ **Saxon Math 3 Program** **$281.60**
  Basic addition, subtraction, multiplication, and division facts, subtract multidigit numbers, divide by single-digit divisors, positive and negative numbers, and more.
- ☐ **Saxon Math 5/4 Program** **$266.45**
  Multiplication and division terms, powers and beginning square roots, fractions to decimals and percents, basic algebraic patterns and sequences, and more.
- ☐ **Saxon Math 6/5 Program** **$266.45**
  Mental math, patterns and functions, statistics and probability, fractions, decimals, percents, geometry, negative numbers, and more.
- ☐ **Saxon Math 7/6 Program** **$294.90**
  Simple expressions containing parentheses, add, subtract, multiply, divide signed numbers, exponents, square roots, geometric formulas, and more.
- ☐ **Saxon Math 8/7 Program** **$287.90**
  Measurement, estimation, powers and roots, scientific notation, graphing functions, balancing equations, irrational numbers, geometric construction, and more.
- ☐ **Saxon Algebra 1/2 Program** **$341.17**
  Covers all topics normally taught in pre-algebra, as well as additional topics from geometry and discrete mathematics.
- ☐ **Saxon Algebra 1 Program** **$346.00**
  Covers typical topics in a first-year Algebra course.
- ☐ **Saxon Algebra 2 Program** **$353.43**
  Not only addresses topics that are traditionally covered in second-year Algebra, but also covers a considerable amount of Geometry.
- ☐ **Saxon Advanced Math Program** **$341.97**
  Topics from Algebra, Geometry, Trigonometry, discrete mathematics, and mathematical analysis.

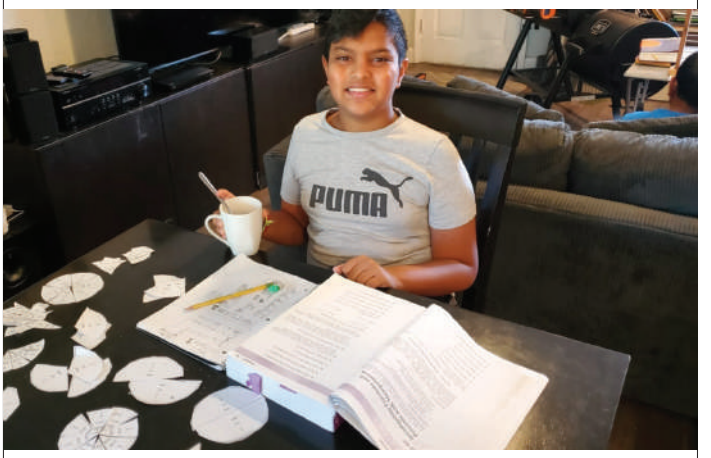
MIQUON MATH

Grades 1-4

Helps children learn to view the world mathematically. The program emphasizes mathematical patterns and relationships rather than pre-set formulas and methods; using manipulatives and unique graphic layouts to help children discover and understand those concepts.

Learn more at *sonlight.com/miquon*

- ☐ **Miquon Math First/Second Grade** **$60.85**
  Miquon Math First/Second Grade covers foundational concepts in mathematics, introducing young learners to number sense, basic operations, and problem-solving through hands-on, inquiry-based activities.
- ☐ **Miquon Math Second/Third Grade** **$33.90**
  Please ensure you have used Miquon First/Second Grade before using this one. Covers addition, subtraction, multiplication, division, fractions, and more.
- ☐ **Miquon Math Third/Fourth Grade** **$33.90**
  Please ensure you have used Miquon Second/Third Grade before using this one. Covers multiplication, division, factoring, fractions, and more.



"Sonlight is amazing! I love how everything is planned out. The instructors guides are so helpful and easy to understand. The Advisors are very helpful and encouraging when you call for help. All four of my children love to read and I really believe it is due to the rich literature they recommend. I have enjoyed reading aloud to my kids and it's been a blessing for our family. Early on Sonlight was recommended to me by multiple people. I'm so glad I was given great advice," shares Linda K of Zephyrhills, FL. Jared (12) is working on his math lesson on fractions.

RIGHTSTART MATH

Grades K-7

Comprehensive math program for your children that uses visualization of quantities and provides strategies (visual pictures) for learning the facts. The proprietary AL Abacus makes this program both kinesthetic and visual.

Learn more at *sonlight.com/rightstart*

- ☐ **RightStart Math Level A Book Bundle** **$97.50**
  This level includes addition and subtraction to 10, place value to the hundreds, & some basic geometry and measurement. Money and clocks are introduced. Problem solving is emphasized.
- ☐ **RightStart Math Level B Book Bundle** **$97.50**
  Builds quantity recognition and mental strategies by grouping in 5's and 10's using the AL Abacus. Incorporates 4-digit addition and 2-digit mental addition.
- ☐ **RightStart Math Level C Book Bundle** **$97.50**
  Works with 4-digit addition and 2-digit mental calculations, and introduces multiplication and fractions, all with an emphasis on problem solving.
- ☐ **RightStart Math Level D Book Bundle** **$97.50**
  Topics include multiplying a 4-digit number by a 1-digit number, rounding, numbers to millions, area and measurement in both the US customary and metric systems, fractions, and graphing.
- ☐ **RightStart Math Level E Book Bundle** **$97.50**
  Multiplication of a multi-digit number by a 2-digit number, short division by a single digit, mixed and improper fraction addition and subtraction, factoring into primes. Introduces decimals and percentages.
- ☐ **RightStart Math Level F Book Bundle** **$97.50**
  Level F Lessons continues with multiplication and division of fractions and decimals. Includes percentages, exponents, and factoring. Also long division, coordinate systems, and probability.
- ☐ **RightStart Math Level G Book Bundle** **$97.50**
  Learn intermediate mathematics hands-on and visually through geometry. New concepts are taught while practicing arithmetic, fractions, and decimals. Students work independently.
- ☐ **RightStart Math Level H Book Bundle** **$97.50**
  Using a drawing board, T-square, triangles, compass, and goniometer. Trigonometry is introduced along with platonic solids, 3-dimensional figures, surface area, patterning, and plane symmetry.
- ☐ **RightStart Math Kit** **$218.00**
  This kit includes all the manipulatives you need for every level. Includes the AL Abacus Standard, plus much more.

Due to restrictions by the publisher, *RightStart Math* don't qualify for Sonlight discounts.

MATH SUPPLEMENTS

"One of the greatest pleasures of homeschooling with Sonlight is that despite the age differences among my children, it brings them closer together; it has managed to make our family's bond tighter. It does not matter whose program we are reading aloud from, they all want to be close by to listen. This particularly warms my heart as a mom," shares Anna T of Laredo, TX.

MATHTACULAR

Grades K-6

Make math unbelievably understandable with these DVD (plus digital access!) shorts. They are highly engaging and fun, with cheerful and quirky lessons, using unexpected props to explain concepts.

Use *MathTacular* to reinforce what your students have learned during the school year, or as a refresher to brush up on math skills at any age.

- ☐ **MathTacular** $24.99
- ☐ **MathTacular 2** $22.99
- ☐ **MathTacular 3** $24.99
- ☐ **MathTacular 4** $24.99

For additional information, visit *sonlight.com/mathtacular*

MATH MANIPULATIVES

- ☐ **Mini Plastic Balances K-2** $12.99
- ☐ **Base 10 Starter Set K-3** $44.99
- ☐ **Gram Scale 2-6** $8.99
- ☐ **Angle Ruler 2-6** $4.49
- ☐ **Multi-link Cubes K-3** $14.95
- ☐ **Pattern Blocks Kit** $49.00

MATH-U-SEE

- ☐ **Accelerated Individualized Mastery (AIM) for Addition & Subtraction Complete Set** $43.00

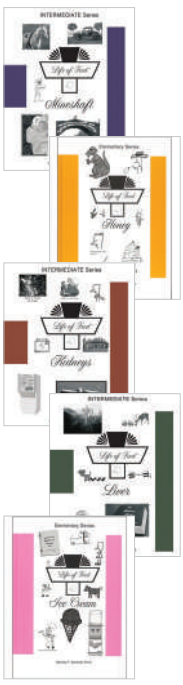
LIFE OF FRED MATH

Grades K-5+

There's not another math program quite like this one. Never again will you hear, "Math is boring," or "When will we use this in real life?"

Don't be fooled by the fun, non-math-like titles like *Goldfish*, *Mineshaft* and *Liver*. Clear explanations and goofy illustrations make math stick with your children so they are prepared for upper-level coursework.

- ☐ **Apples** $24.00
- ☐ **Butterflies** $24.00
- ☐ **Cats** $24.00
- ☐ **Dogs** $24.00
- ☐ **Edgewood** $24.00
- ☐ **Farming** $24.00
- ☐ **Goldfish** $24.00
- ☐ **Honey** $24.00
- ☐ **Ice Cream** $24.00
- ☐ **Jelly Beans** $24.00
- ☐ **Kidney** $24.00
- ☐ **Liver** $24.00
- ☐ **Mineshaft** $24.00
- ☐ **Fractions** $24.00
- ☐ **Decimals and Percents** $24.00
- ☐ **Pre-Algebra 0 with Physics** $39.00
- ☐ **Pre-Algebra 1 with Biology** $39.00
- ☐ **Pre-Algebra 2 with Economics** $39.00
- ☐ **Financial Choices** $24.00
- ☐ **Zillions … Decimals** $24.00
- ☐ **Zillions … Fractions** $24.00
- ☐ **Zillions … Pre-Algebra** $24.00
- ☐ **Zillions … Pre-Algebra 1** $24.00



For additional information, visit *sonlight.com/life-of-fred*

Due to restrictions by the publisher, *Life of Fred Math* doesn't qualify for Sonlight discounts.

"I have longed for a history and science program that would engage my children at their level and still challenge them to learn and grow, to think critically, and most importantly, give us more opportunities for talking about God and his word in light of all of these things. We tried other curricula and I am incredibly thankful that we finally tried Sonlight. I had been hesitant to try Sonlight because I worried about getting through all the books, finding time with the younger girls, and worried about how much they would actually learn. As we started reading all the books, it was amazing to see how much they learned and retained, even the younger two who have not yet officially started school. The Instructor's Guide has been more helpful than I can say, making it easy to have meaningful conversations about the readings. It's a joy to see my girls beg for history, literature, and science, and then take those things and use them in play. Sonlight has helped make this journey of homeschooling easier, more enjoyable, and seemingly more attainable, and I am abundantly grateful," confesses Rebecca H of Kennewick, WA.

NOT SURE WHAT LEVEL YOUR STUDENT NEEDS?

If you're just getting started with homeschooling, considering changing up your homeschool curriculum, or simply trying to determine a grade or placement level, our free homeschool placement tests are for you!

sonlight.com/placement-tests

BUILD. PLAY. LEARN.

Reinforce and document what your student is learning with these easy-to-use history project kits and lap books. These hands-on history supplements are carefully designed to deepen your students' understanding of history and offer concrete evidence of learning.

Each hands-on enrichment kit includes all the supplies you need (besides the basics you already have on hand like markers, scissors, etc.) Use them alongside our History / Bible / Literature programs or as stand-alone activities for any history program.

"Sonlight's lap books are a wonderful supplement to our school year, adding a tactile component that has done wonders to increase our son's interest, understanding, and retention of the material. We love to watch him bring out his lap books from past years and see how they help him remember and connect with what he has learned. I'm sure he will treasure them for a long time to come!" confides Laurie H of Fresno, CA. On the last day of 5th Grade, David shows off his completed American History II Lap Book.

UNIT STUDY:
50 States *$46.00*

"My son Samuel (8) begged for the American History I lapbook when he saw a walkthrough of it on the Sonlight App. I was hesitant since we were starting the Exploring American History (Level A) and the lapbook is recommended for a history level three years later (Level D). It proved to be the best decision! We worked in tandem to cut, color, write, tape and glue together an incredible showcase of what we learned throughout the year. He was so proud of the final product and showed it to anyone who walked through our door," reports Angela M of Nashville, TN. "I love that Sonlight has solid recommendations and a clear path laid out for me. And I also love that I have the freedom to mix and match resources to best serve my individual kiddos based on their needs and interests," she adds.

"We have never regretted choosing Sonlight and are so thankful that we have the opportunity to homeschool with such ease. Being able to include hands on projects along with the fascinating reading has really added such a depth to the program that we never thought would be there. We look forward to each new day with anticipation," declares Cecelia C of Pennington, KZN, South Africa. Pictured: Hannah (8) is satisfied with a well-done Hands on History project.

HIGH SCHOOL ELECTIVE COURSES

Grades: 11-12 Ages: 16-18

- ☐ **Advanced Apologetics** **$121.99**
  Prepare your teens for the transition to college and beyond with a sure footing in their faith. Help your students understand and gracefully defend their beliefs. Examine arguments from skeptics, atheists, and those of other faiths.
- ☐ **What Good is Christianity?** **$193.91**
  Prepare your children to grapple with challenging ideas as you evaluate together the role of Christianity in society. Covers many subject areas including history, worldview, critical thinking, and apologetics.
- ☐ **College & Career Planning** **$83.94**
  The tools you need to create a high school transcript for your homeschooler. You will be able to help your student work through his or her dreams and plans for the future, apply for financial aid, find the right school, and more!
- ☐ **Psychology*** **$375.00**
  An excellent foundation for the Psych AP test. More than that, your students will see how psychology is the study of God's workmanship.
- ☐ **Sonlight's Economics Program*** **$284.93**
  Prepare for both the Microeconomics and Macroeconomics AP exams. Your student also gets a balanced, critical view of modern economic theory and biblical view of economics.
- ☐ **Driver Ed in a Box®** **$207.00**
  The most comprehensive, high-quality driver's ed course we could find. A structured, easy-to-follow guide to help you and your teen develop safe, collision-free driving habits.

"We love the books Sonlight chooses," admits mom Amy G of Lancaster, PA. "My kids know that the books will be ones they enjoy, and I know that they will be the kind of good, clean literature I want for my kids. Reading Sonlight books makes everyone happy!" The G children love reading - whether it's a read aloud or individual reading - they just enjoy reading good books together.

ELECTIVE PACKAGES

Once you know what Sonlight program your children are studying, add a pre-assembled Electives Package. Designed to correspond to HBL K through 400, these products are age-appropriate, high-interest, and cover a range of skills and subjects.

For additional information, visit *sonlight.com/electives*

SONLIGHT HIGH SCHOOL

Student-Driven, Rigorous, Engaging, Proven

Sonlight is committed to meeting the needs of high school homeschool students. We offer robust high school curriculum packages where students enjoy an interesting and rigorous college-prep education that's equivalent to the finest schools in the country.

Designed for independent study, we offer a wide variety of courses that fully prepare students for college, the workplace, or any other vocation. You can be confident that you're giving your children the academic foundation to succeed in life.

Each Sonlight high school course comes with both a Parent Guide and a Student Guide, containing a complete schedule and notes. Students are old enough, and prepared enough, to work through the program independently. Your role is that of mentor: offer tips for organization, share test-taking strategies, assign and grade research papers, and discuss lots and lots of great books.

"I was introduced to Sonlight when we first decided to homeschool my eldest. It's perfect for me as a mom, and my girls have thrived and excelled. Sonlight developed their love of learning, gave them an incredible foundation for excellence in English and History, and grew their confidence in their ability to articulate ideas. Sonlight has provided efficiency in their education too, allowing them to excel outside academics. Both girls are three-sport varsity athletes at the local 6A high school as well as players on a high-level competitive soccer team. Next year I will graduate my second daughter, but I have 11 years of Sonlight homeschooling ahead with my younger boys. I love going back through our lesson plans and seeing my notes from years ago and revisiting our favorite books. I'm not the same homeschool mom I was 13 years ago. Thank you, Sonlight, for letting me learn and grow alongside my children," recognizes Tamara F.

SONLIGHT COLLEGE SCHOLARSHIPS

Do you have a student heading to college in 2025? Let us help you pay for college with a Sonlight college scholarship!

From preschool through high school graduation, Sonlight prepares your students. We have the big picture in mind, and we help you raise students prepared to launch into any career God calls them to. We share your desire to help your children succeed, and we'll walk alongside to help you create the long-term educational experience your family envisions.

Each year, our charitable foundation offers a number of college scholarships, ranging from $4,000 to $20,000, spread over four years.

The Sonlight Foundation offers scholarships on two tracks:

- One emphasizes academics
- the other creativity, missions-mindedness, and service

Got a perfect score on the SAT? Got average test scores, but served overseas during summer vacation for the last three years? In either case, you may qualify.

We recognize that academic giftedness is only one type of giftedness. If your student is gifted in academics, service, music, art, or has a heart for missions, we encourage you to learn more.

Apply for a Sonlight Scholarship and learn more about past recipients at: *sonlight.com/scholarships*

"Sonlight taught me to retain lots of information and how to juggle reading multiple books at once while making parallels and applications between all of them. Experience balancing a heavy workload and understanding how to relate different subjects/materials to each other was very helpful when I got to college." —Sonlight Scholarship Recipient, Hannah B.

"Sonlight prepared me to learn and think for myself, which prepared me to engage with our broken world. I found that Sonlight gave me a stronger foundation in both academics and personal development than many of my peers." —Sonlight Scholarship Recipient, Bobby N.

SCAN HERE TO DISCOVER THE DIFFERENCE SONLIGHT STUDENTS ARE MAKING IN THE WORLD

WHY WE GIVE HOW WE GIVE

Sonlight is more than a curriculum company. With every purchase, you don't just get great books and stellar curriculum. Every order you make fuels efforts to spread the good news of Jesus worldwide.

One of the key focuses of Sonlight is missions. We love this part of what we do. Not only do we seek to raise up generations of young people who are passionate to see lives transformed, but for every dollar you spend, the Kingdom of God advances as we give towards missions. You are part of the story that God is writing to reach the world—changing people's lives because of the gospel.

Here's how your purchase contributes to our commitment to missions giving.

READ. Because of your purchases, lives are transformed. Women around the world are able to attend literacy classes, learn basic skills for earning additional income, receive healthcare, and gain freedom through education.

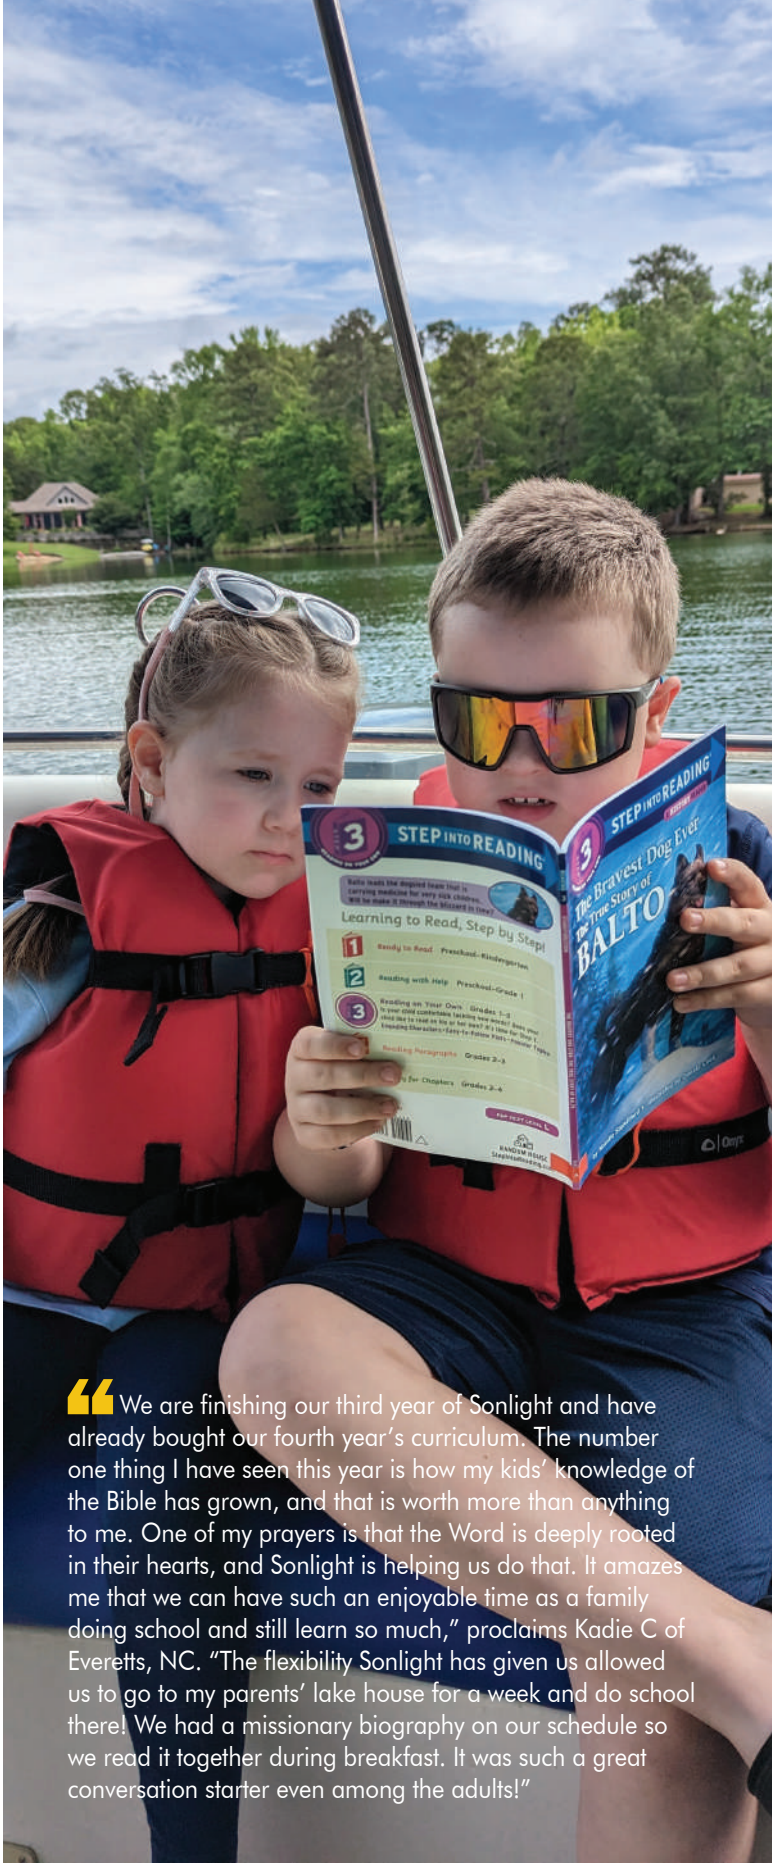
TRANSLATE. As you read to your children, your purchase has allowed a man to hear the Bible in his heart language for the first time. With the words of Scripture translated into a language that now has the words of life, his life is changed forever.

BROADCAST. As your children hear words that give life, your purchase pours out living water through radio programs into places that are difficult to reach. Those living in a country hostile to Christianity hear truth through the airwaves. While they maybe aren't able to meet someone in person, these broadcasts bring truth their hearts long to know.

SEND. When you look at your children playing, laughing, and learning, remember that your purchase helped children across the world learn, too. Children's Bible Clubs introduce children to Jesus, and see lives and families transformed.

GO. As you read missionary biographies, know that, through your purchase, a believer is going to a place where the good news has not been proclaimed before. How beautiful to have feet on the ground with the gospel in a place waiting to hear the name of Jesus.

When you purchase from Sonlight, you are part of the story that God is writing to reach the world. Learn more at *sonlight.com/missions*



"We are finishing our third year of Sonlight and have already bought our fourth year's curriculum. The number one thing I have seen this year is how my kids' knowledge of the Bible has grown, and that is worth more than anything to me. One of my prayers is that the Word is deeply rooted in their hearts, and Sonlight is helping us do that. It amazes me that we can have such an enjoyable time as a family doing school and still learn so much," proclaims Kadie C of Everetts, NC. "The flexibility Sonlight has given us allowed us to go to my parents' lake house for a week and do school there! We had a missionary biography on our schedule so we read it together during breakfast. It was such a great conversation starter even among the adults!"

SONLIGHT *Connections*

DISCOVER THE DIFFERENCE A HOMESCHOOL COMMUNITY MAKES

Sonlight is more than curriculum. We connect you with other Sonlighters and partner with you to ensure an unforgettable learning experience. With access to creative ideas, modifications, field trips, and encouragement from other families on this journey, you'll enjoy homeschooling alongside friends.

CONNECT IN THE APP:

Stay in the Sonlight loop and get ideas and support along the way. Download the Sonlight Connections app and start experiencing a better way to homeschool. Brand new to Sonlight? Join the app to be partnered with a Sonlight mentor your first year!

CONNECT ONLINE:

Find Sonlight on all your favorite social media networks. Join the Sonlight Connections Facebook Group to share stories or get advice from other Sonlight families. Participate in giveaways, live events, and more.

CONNECT IN-PERSON:

Sonlight families come together in their local communities with Sonlight Connections in-person groups. Find these in-person groups around the world, and meet up with them right where you are.

"We had always planned to homeschool, but when the time came, I was overwhelmed by all the different options. I knew that with lots of little ones in our family, I needed a curriculum that was 'open and go' and didn't require a lot of preparation from me. Sonlight was the perfect solution," admits Kirsten V. "That first year showed me how wonderful literature-based learning could be. I like to say *'I came for the IGs and stayed for the books!'* We have been using Sonlight for 9 years now, and it has been such a blessing for our family!" Pictured: Sophia (9), Brennan (7), and Levi (5) having fun playing with baby chicks while learning about them in their Science A program from several years ago!

WHAT'S NEW 2024

SONLIGHT VIRTUAL

We are excited to offer virtual courses for high school level 100-400 Literature/Language Arts courses. Sonlight Virtual provides the perfect balance of independent and parent-led study. The online platform allows students to select their courses, view their schedules, take assessments, review their grades, communicate with their parents, and more. Learn more at *sonlight.com/online*

SONLIGHT LANGUAGE ARTS MENTOR PROGRAM (LAMP)

Available as an add-on to Level 100-400 Literature/ Language Arts virtual courses, LAMP is tailored for students seeking personalized guidance and support on their language arts writing assignments. Learn more at *sonlight.com/lamp*

NEW SCIENCE PROGRAM - LEVEL F

Sonlight's Level F science program is completely new and redesigned—joining Levels K-E—these programs now adhere to the Next Generation Science Standards (NGSS). Our classic model of learning by reading, discussing, and doing is combined with research-based science standards. In addition, each level becomes more interconnected as brand new hands-on experiments now tie directly to the rest of the content. Learn more at *sonlight.com/science-f*

NEW BEREAN SCIENCE PROGRAMS

By customer suggestion, we now offer the Berean Builders Earth Science and Biology programs by Dr. Jay Wile. Each program includes a *Sonlight Schedule Plus* and necessary supplies kits for the experiments that illustrate the various concepts being explored. Learn more at *sonlight.com/science*

BOOKS AND REQUIRED RESOURCES

From time to time titles go out of print, we replace a book, or add titles to a level. History / Bible / Literature levels E and 300 include new titles. Science program A includes a new title. *Math-U-See Algebra 1* is an all-new version, and we now offer the new edition of *Singapore Math*.

You will also now find Required Resources included in History / Bible / Literature, Science, and All-Subjects packages. Customizations can be made online in SmoothCourse™ to remove any Required Resources you already own.

Update your program with the new versions and books. You can also update your IG to match for 50% off. *sonlight.com/repurchase*

YOU ARE YOUR CHILD'S *BEST* TEACHER

After years of Sonlight families sharing their success stories, we confidently offer a 100% money-back guarantee. Love our curriculum or we will provide you a complete refund ... even if you've used your curriculum materials for half a year!

sonlight.com/guarantee

"Sonlight has become the heartbeat of our family," recounts Emily M of Sheridan, IN. "From the deep, theological discussions we have had regarding the Bible and what Jesus means to us, to the tears we've shed while reading about George Müeller and his legacy, as well as the excitement of completing a successful science experiment, Sonlight has been central to our days. As their primary teacher who does not have an educational background, thinking of teaching multiple children at different levels intimidated me. However, because of the way Sonlight has curated the curriculum, I am confident that each child is getting exactly what she needs. I thank God every day that I found Sonlight, and that it is working so well for our family." Pictured: The M family's favorite time of the week is *Poet-Tea* where they read poetry and take turns fixing teas and snacks. They have loved the rich poems in the poetry book, and they have worked on hospitality and manners, all in one lesson!
